DEAR COUNTY DIRECTOR OF SOCIAL SERVICES:

ATTENTION: Adult Services Supervisors and Intake Supervisors

SUBJECT: ADULT PROTECTIVE SERVICES BASIC SKILLS TRAINING

The Division of Aging and Adult Services is pleased to announce that the Adult Protective Services Basic Skills Training will be conducted during the month of September 2009 in Raleigh North Carolina. Additional APS Basic Skills Trainings will be scheduled for FY 2009-2010.

The Basic Skills training is essential for county staff with any level of responsibility for screening, evaluating, or providing Adult Protective Services (APS). The training provides county staff with a working knowledge of APS law, policy, and practice issues. It is designed for social workers who conduct evaluations and plan services for APS cases as well as for line supervisors with management responsibility for this program area. Social workers who have responsibility for adult services intake or who provide back up or after-hours coverage for APS will also find this training beneficial.

The first session of the training, Module I, is two days long and introduces participants to the field of Adult Protective Services. This session covers the statutory definitions used in APS and the policy requirements and practice issues related to receiving and screening APS reports. Staff responsible for intake and/or screening, and those who conduct evaluations or plan services for APS cases, should attend this session. **It is recommended that participants attend *Effective Social Work Practice in Adult Services: A Core Curriculum*, prior to attending Module I.** Basic knowledge and concepts covered in the *Core Curriculum* are not covered in Modules I or II of this training. **Also, participants should bring a copy of the APS Manual for both training modules.**

The second session, Module II, is three days long and will introduce staff to the knowledge and skills necessary for completing thorough evaluations, making case decisions, determining capacity to consent to services, obtaining court orders, and planning services to protect disabled adults. Staff responsible for these functions on a full time, back up or after-hours basis should attend this session. Staff responsible for intake only may also attend this session, as it will allow them to understand the full APS process. **Participants must have attended Module I, or have previously attended the Basic Skills Training in its entirety, as a prerequisite to Module II.**

Location: 693 Palmer Drive, Raleigh, NC 27603 • State Courier No. 56-20-02
An Equal Opportunity / Affirmative Action Employer
