Emergencies [10A NCAC 06R .0504 and 06S .0405] – Standards, Page 21-22

<u>Yes</u>	<u>No</u>
------------	-----------

- () () A fire safety and evacuation plan, approved by the office of the fire marshal or its designee, is on file as evidence the program is in compliance with the North Carolina State Building Code and Fire Prevention Code.
- () () A written plan for emergencies is established and displayed prominently in the facility.
- () () All staff members are knowledgeable about the plan.
- () () The plan specifies responsibilities of each staff member.
- () () The plan relates to medical and non-medical emergencies.
- () () Quarterly drills in handling emergencies, such as medical emergencies, natural disasters, fire, and facility security are conducted and documented as to date and kind of emergency. Documentation is kept with program records.
- () () An evacuation plan is posted in each room.
- () () Fire drills are conducted quarterly by programs with a fire safety sprinkler system and monthly by programs without a fire safety sprinkler system.
- () () Records of fire drills are kept with dates and time required to evacuate the facility.
- () () All staff physically able has certified training in first aid and CPR.
- () () The program has arranged for medical assistance to be available in the event of an emergency.
- () () Portable basic emergency file is available on each participant that includes:
- hospital preference, physician of record and telephone number;
 - emergency contact (family or caregiver);
 - insurance information;
 - medications and allergies;
 - current diagnosis and history; and
 - advance directives, if any.
- () () Sickness and all accidents reported to program director who takes required action. Program should be responsible for constructing forms to make reports.
- () () The program has records of any emergency actions taken.
