1. Senior Centers receiving funding are actively providing outreach to unserved and underserved elderly in the community. Senior Center services and programs are provided to these targeted elderly through either “satellite” locations in the community or improved accessibility to the senior center facility.

2. If funding is used to support the development of a new senior center, the County Board of Commissioners has first:
  - (a) Formally endorsed the need for such a center;
  - (b) Formally agreed on the sponsoring agency for the center; and
  - (c) Made a formal commitment to use local funds to support the ongoing operation of the center.

These actions would be reflected in the minutes of the Board meetings.
