RE: Mental Health Cost Reporting Training Sessions

Summer training dates for the Mental Health Cost Report have been set. This training is recommended for those direct enrolled providers who have a fiscal year end between 3/31/09 and 6/30/09 and are required to file a cost report five months after year end, by 8/31/09 or 11/30/09 respectively.

The training will consist of an overview of the application to show how the data that providers have collected goes into the Cost Report application. Due to enhancements made to the program and updates made each year, attendance is always recommended. If you have an unusual situation or circumstance, please bring the relevant data or supporting documentation with you to the training class for clarification. Time will be provided during each session for specific questions.

Only **one** training session per location will be open for registration at a time. When the first session is completely booked, another training session in the same location will be opened. If a location doesn't have enough participants signed up to justify the travel expense, the training at that location will be cancelled. Registration will be open as long as seats are available. If the date, time or location you wish to register for is no longer included on the list of training schedules, that means there are no more seats available. To that end, please try to sign up early. If you signed up by mistake for the wrong location, please register for the correct location and notify the Controller's Office as soon as possible of the seat that will become vacant so it can be reserved for another provider. Your registration will be confirmed by return e-mail a week prior to the training session. It is recommended the employees attending this training be those individuals collecting and/or inputting the information into the application.

We have established training sites throughout the state. The half day morning sessions will begin at 8:30 A.M. and end at 12:00 P.M. Half day afternoon sessions will begin at 1:00 P.M. and end at 4:30 P.M. Participants only need to attend one half day session.

The following information is needed when registering: organization's name, employee's name, title, email address and phone number where the employee can be reached. We will also need to know the organization's fiscal year end date and the date, location and time of the training the employee plans to attend. Attendance will be limited to two (2) employees from each organization to allow as many organizations to participate in the training as possible. If your second attendee is an accounting firm, enter the firm name on the Organization line and continue to complete the form.

As mentioned previously, this training is for providers with a fiscal year end of 3/31/09 or 6/30/09. Providers with a fiscal year end of 9/30/09 or 12/31/09 should wait for training that will be offered again at the end of the year.
