Re: Eligibility Review Document for County
Single Audit

Dear County Director of Social Services:

The Department of State Treasurer and Office of State Auditor have indicated concerns that independent auditors are not testing Medicaid and NC Health Choice eligibility factors during the audit process as required by federal law. They have requested that the Division provide a tool to assist the auditor with review of basic elements of eligibility during the audit process.

The attached document has been approved by management of all three offices and will be used as a supplement to the current audit requirements found in the Medicaid and NC Health Choice compliance supplements which provide guidance for the audit process. The first three pages are the actual review document which the auditor can copy and use for each case reviewed. The attachments provide guidance in verifying the eligibility review items.

Please share this information with your Medicaid and NC Health Choice supervisory staff and make them aware that the auditors may be calling upon them for assistance in understanding budgeting or verification of eligibility factors due to differences in the way counties use forms, automation and storage of information in the case file. Your assistance in this effort is most appreciated.

Sincerely,

Mark T. Benton

Attachment 3 Conversions

Total the gross income for each pay/benefit period. Divide by the number of pay periods. This is the average income.

Convert the average income to a gross monthly amount.

- a. If received weekly, multiply by 4.3.
- b. If received bi-weekly, multiply by 2.15.
- c. If received semi-monthly, multiply by 2.
- d. If received monthly, use the monthly gross.
- e. If salaried, and contract renewed annually, divide annual income, etc., by 12.

EXAMPLE: Applicant receives income bi-weekly. On Sept. 7, he received \$300 gross and on 9-21, he received \$300 gross. \$300 plus \$300 = \$600. Divide \$600 by 2 (number of pay periods received and used). This equals \$300 (average income). Convert the \$300 by multiplying \$300 by 2.15 = \$645.00 (countable gross monthly income).

NOTE: Actual previous month's income is used in determining eligibility for Medicaid for Pregnant Women (MPW)
