Overview of 2014 MH/SA Consumer Perception of Care Surveys

The North Carolina Mental Health and Substance Abuse Consumer Perception of Care Surveys provide information on the quality of care in each LME-MCO catchment area, based on the perceptions of individuals and families who have received Medicaid or state-funded mental health and/or substance abuse services. The NC Division of MH/DD/SAS and LME-MCOs gather this information annually through consumer surveys.

Samples of adult consumers ages 18 years and over, youth ages 12 to 17 years, and families/parents of children under 12 years of age complete the confidential surveys, in English or Spanish, at their provider agencies during a specified time period each year. This report summarizes data from the 2014 survey, which was administered between June 30, 2014 and July 28, 2014.

The surveys assess consumer perceptions of the services they have received in the past year and of their LME-MCOs. The Adult Consumer Survey also includes questions about respondents' physical health.

Each LME-MCO was required to submit completed surveys in numbers approximately proportionate to the LME-MCO's percentage of statewide Medicaid and Block Grant consumers served (see Table 1).

Table 1: LME-MCO Required Survey Sample Sizes

LME-MCO	Adult Survey Respondents	Youth Survey Respondents	Family Survey Respondents
Alliance Behavioral Healthcare	572	188	94
Cardinal Innovations Healthcare Solutions	844	277	139
CenterPoint Human Services	223	73	37
CoastalCare	272	89	45
East Carolina Behavioral Health	352	115	58
Eastpointe	416	137	68
Partners Behavioral Health	414	136	68
Sandhills Center	307	101	50
Smoky Mountain Center	506	166	83
State Total	3906	1282	642

Results in this report are based on all surveys for which respondents answered at least one question about their services, LME-MCO, or physical health (see Table 2).

Table 2: Survey Respondents by LME-MCO

LME-MCO	Adult Survey Respondents	Youth Survey Respondents	Family Survey Respondents
Alliance Behavioral Healthcare	597	249	210
Cardinal Innovations Healthcare Solutions	884	293	142
CenterPoint Human Services	421	127	79
CoastalCare	367	139	74
East Carolina Behavioral Health	365	114	60
Eastpointe	432	137	74
Partners Behavioral Health	627	219	67
Sandhills Center	307	102	50
Smoky Mountain Center	442	167	88
State Total	4442	1547	844

Unless otherwise noted, respondent totals for individual survey questions include all responses other than "N/A" (not applicable). Responses of "N/A" are excluded from computed percentage denominators.

Perception of Services Domains

Most survey questions regarding consumers' services count toward one of the following survey domains:

- Access to Services
- Quality and Appropriateness
- Outcomes
- Treatment Planning
- General Satisfaction
- Social Connectedness
- Functioning
- Cultural Sensitivity

Responses to individual survey questions are assigned number scores that range from 1 (Strongly Agree, indicating a positive perception) to 5 (Strongly Disagree, indicating a negative perception), with a neutral point of 3. A domain score is computed as the average score for the items that count toward the domain.

Counts of respondents with positive, neutral, and negative perceptions related to each domain are based on the average item score, as follows:

<u>Average item score for the domain</u>	<u>Category</u>
1.00 — 2.49	Positive
2.50 — 3.49	Neutral
3.50 — 5.00	Negative

A domain score is not calculated if the respondent rated less than two-thirds of the domain items. For this reason, the number of respondents with a calculated score for a specific domain may be smaller than the numbers who answered each of the individual survey questions that count toward the domain.

Responses of "N/A" (not applicable) are excluded for the purpose of computing item scores, domain scores, and respondent counts. The total number of respondents may vary across items and domains.

Annual Trends in Consumer Perception of Services

Statewide survey results show a number of consistent trends in respondent perceptions across 2010 through 2014 survey years, including:

- The domains consistently rated most positively on each survey include Adult survey *Quality and Appropriateness* and *General Satisfaction*, and Youth and Parent surveys *Cultural Sensitivity*.
- Family/Parent survey respondents also tend to report positive perceptions related to *Treatment Planning*, *Access*, *General Satisfaction*, and *Social Connectedness*, with average domain scores of 90 percent and higher.
- Across all respondent categories, *Outcomes* is consistently rated lower than other domains.
- Adult survey *Functioning* and *Social Connectedness* domains, and Youth Survey *Treatment Planning*, also tend to produce average positive perception scores of 75 percent or lower.
- *Access* and *General Satisfaction* appear to be closely related to one another in each of the three survey groups, and Family/Parent and Adult respondents consistently rate these domains somewhat more positively than do Youth respondents.
- Parent perceptions of *Social Connectedness* are consistently more positive than Adult survey respondent perceptions.
- Parent perceptions related to *Treatment Planning* are consistently more positive than Adult consumer perceptions, which are consistently more positive than Youth perceptions.
- Year-to-year data show downward trends in Youth perceptions related to *Treatment Planning* and *Access*. (See Figures 1, 2, and 3.)

Compared to the previous four survey years, the largest differences in 2014 scores were observed for the Youth survey *Access* and *Treatment Planning* domains and Family/Parent *Social Connectedness*. All other 2014 statewide domain scores were within +/- 3 percent of their 2010 through 2013 averages. Although consistent upward or downward trends over several years may indicate meaningful long-term trends, additional information would be needed to determine the stability and long-term significance of an observed increase or decrease in a single survey year.

Because respondent sample sizes, sampling methods, and proportions of the total sample drawn from different regions of the state vary from year to year, caution should be exercised both in comparing LME-MCO scores to one another and in interpreting differences across years in state total scores.

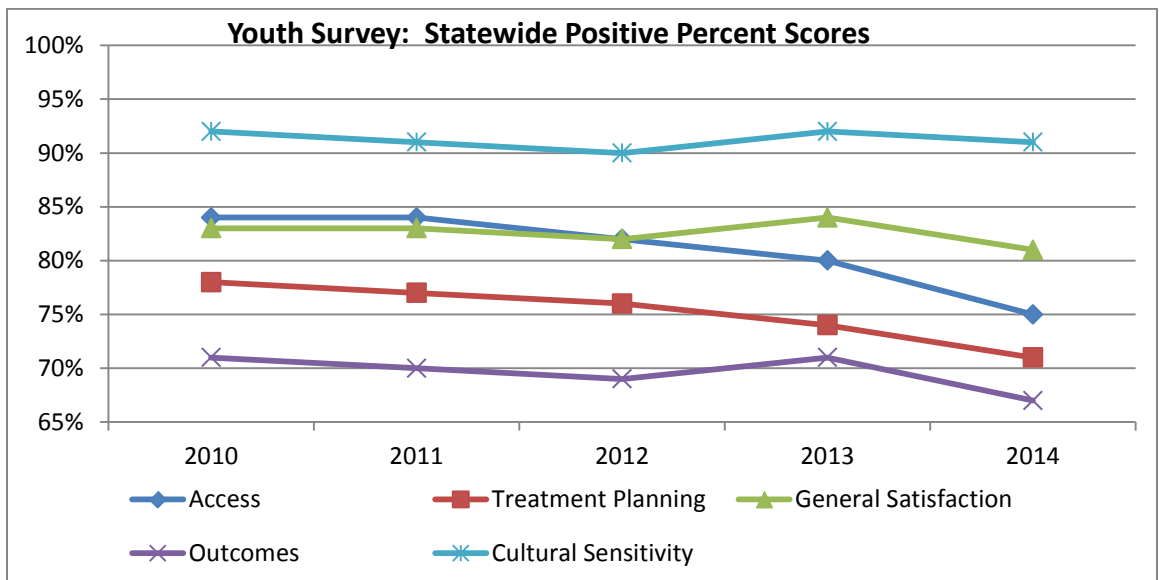

Figure 1: Adult Perception of Services

Domain	2010	2011	2012	2013	2014
Access	89%	88%	88%	90%	89%
Treatment Planning	87%	87%	86%	80%	84%
General Satisfaction	92%	92%	91%	91%	91%
Outcomes*	76%	71%	73%	75%	74%
Functioning*	79%	72%	75%	76%	74%
Quality and Appropriateness	91%	90%	91%	94%	93%
Social Connectedness	78%	73%	76%	76%	74%

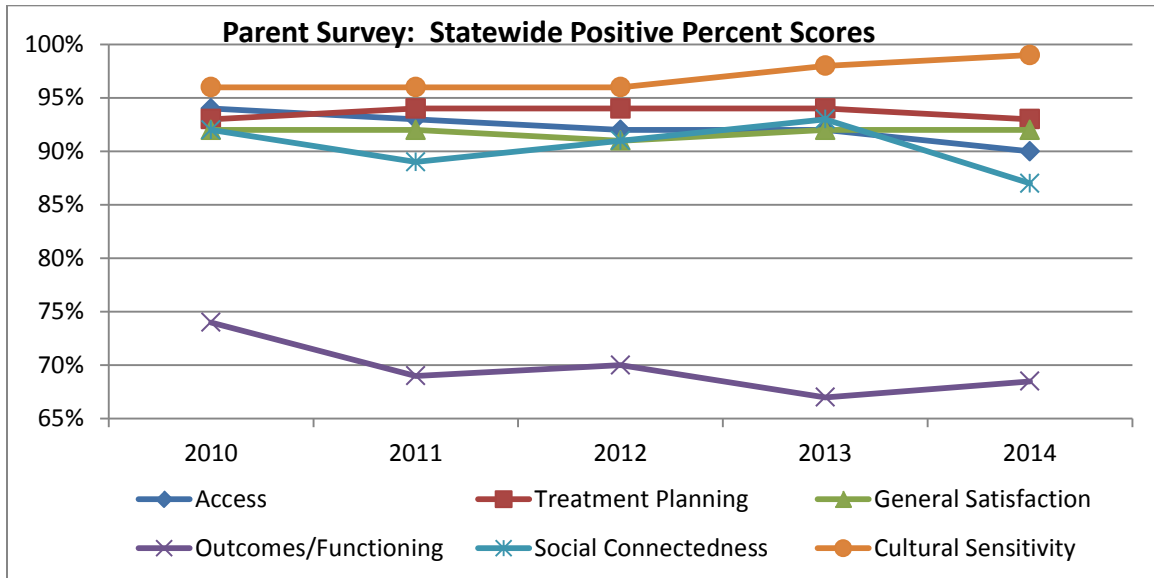

*2013 and 2014 Outcomes and Functioning domains both include one additional survey item compared to previous years.

Figure 2: Youth Perception of Services

Domain	2010	2011	2012	2013	2014
Access	84%	84%	82%	80%	75%
Treatment Planning	78%	77%	76%	74%	71%
General Satisfaction	83%	83%	82%	84%	81%
Outcomes	71%	70%	69%	71%	67%
Cultural Sensitivity	92%	91%	90%	92%	91%

Figure 3: Parent Perception of Services

Domain	2010	2011	2012	2013	2014
Access	94%	93%	92%	92%	90%
Treatment Planning	93%	94%	94%	94%	93%
General Satisfaction	92%	92%	91%	92%	92%
Outcomes/Functioning*	74%	69%	70%	67%	68/69%
Social Connectedness	92%	89%	91%	93%	87%
Cultural Sensitivity	96%	96%	96%	98%	99%

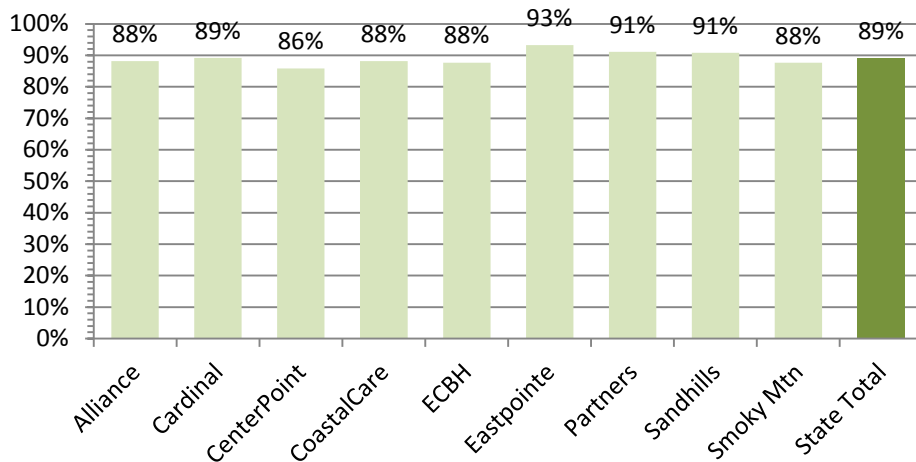

*Outcomes and Functioning domain scores are based on five common items; 2013 and 2014 domain scores both include one additional unique item.

I. Perception of Services

Percent Negative Domain Scores

Adult ACCESS TO SERVICES Items

The location of services was convenient (parking, public transportation, distance, etc.).

Staff were willing to see me as often as I felt it was necessary.

Staff returned my call in 24 hours.

Services were available at times that were good for me.

I was able to get all the services I thought I needed.

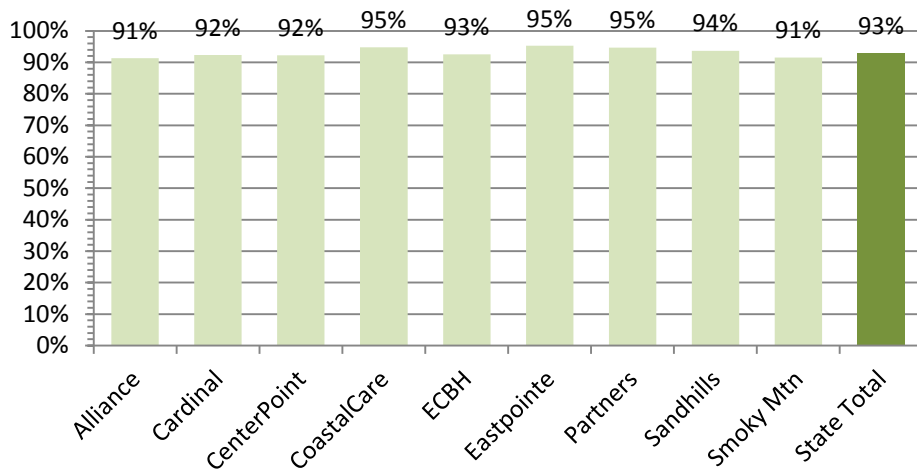

I was able to see a psychiatrist when I wanted to.

ADULT SURVEY

PERCEPTION OF SERVICES: QUALITY AND APPROPRIATENESS

Percent Positive Domain Scores

Percent Negative Domain Scores

Adult QUALITY AND APPROPRIATENESS Items

Staff here believe that I can grow, change and recover.

I felt free to complain.

Staff told me what side effects to watch out for.

Staff respected my wishes about who is, and who is not, to be given information about my treatment.

Staff were sensitive to my cultural background.

Staff helped me obtain the information I needed so that I could take charge of managing my illness.

I was given information about my rights.

I was encouraged to use consumer-run programs.

Staff encouraged me to take responsibility for how I live my life.

Parent GENERAL SATISFACTION Items

Overall, I am satisfied with the services my child received.

The people helping my child stuck with us no matter what.

I felt my child had someone to talk to when he/she was troubled.

The services my child and/or family received were right for us.

My family got the help we wanted for my child.

My family got as much help as we needed for my child.
