*NC Division of Public Health's Chronic Disease and Injury Section Webinar Series*

***Lung Cancer Initiative of North Carolina*** is the state's leading non-profit organization supporting lung cancer research and education. Specializing in connecting patients, survivors and loved ones with the medical and research community, Lung Cancer Initiative's mission is to save lives. Learn more about lung cancer, who is eligible for screening and the latest in lung cancer treatment options. Also joining us is a lung cancer survivor sharing her story of hope.

\*This webinar is sponsored by the NC Division of Public Health, Chronic Disease and Injury Section as part of the *CDI Section Webinar Series*. The webinar series is designed for local health department staff and local partners to learn about the evidence-based and promising strategies supported NC Division of Public Health, Chronic Disease and Injury programs.
