

Care Plan History

The **Care Plan History** section of the **Care Plan Summary** screen contains helpful information for WIC participants with a previous certification but can be difficult to locate. Take the following steps to view the Care Plan History:

1. Using **Quick Links**, navigate to the **Care Plan Summary** screen. The **Care Plan Summary** screen opens and displays the **Family Care Plan** container and **Care Plan Summary** containers for each family member.

2. Open the **Care Plan Summary** container of the participant with the needed history by clicking the triangle next to the participant name. The **Care Plan History** container appears at the bottom of the participant's Care Plan Summary.

3. Open the **Care Plan History** container by clicking the triangle. Previous certifications are displayed. Select a row in the **Care Plan History** container and click on the triangle next to **Selected Row Details** to view details in the **Selected Row Details** container. An open **Selected Row Details** container is shown on Page Two.

Care Plan History
