TEAMING WITH TEENS VIRTUAL EVENT

Workshops for child welfare professionals, caregivers and youth & young adults 14-21.

[HTTPS://CVENT.ME/MEGVVA](https://cvent.me/megvva)

CAREGIVERS

Caregivers will hear from Dr. Jacoba Rock about her journey as a fost-adopt parent & professional, best practices related to self-care and community care, & balancing parent needs with the needs of children in our care.

CHILD WELFARE PROFESSIONALS

Child welfare professionals will hear from UNC staff on steps to take to manage your own mental health while supporting and promoting positive mental health for the youth you are serving. The first 100 caregivers /child welfare professionals that join the event will receive the ebook, Redefining Normal.

YOUTH & YOUNG ADULTS

Youth & young adults will hear from Justin & Alexis Black, young adults with lived experience, about their journey & steps they took to promote positive mental health. All attendees will receive a copy of their book, Redefining Normal.

*although there are individual sessions for caregivers, child welfare professionals & youth/young adults there is a learning community at the end of each session that is offered for all attendees. We ask everyone to register for both their session and the learning community.
