

Resource Parent Curriculum (RPC) Facilitator Training

Caring for Children Who Have Experienced Trauma: A Workshop for Resource Parents

NCTSN The National Child Traumatic Stress Network

WHAT IS RPC STAFF-FACILITATOR TRAINING?

RPC Staff-Facilitator Training is a comprehensive train-the-facilitator event for the National Child Traumatic Stress Network’s *Caring for Children Who Have Experienced Trauma: A Workshop for Resource Parents* curriculum. This training is provided by staff at the Center for Child & Family Health and is sponsored by the NC Division of Social Services.

RPC is a trauma-informed, 16-hour in-service training that has shifted the way foster, adoptive, and kinship parents work with youth. The curriculum is publicly available, but can be complicated to deliver to parents. Experts in RPC will help Staff-Facilitators-in-Training fully understand the curriculum content; provide feedback on their delivery of RPC; and provide ongoing consultation as Staff-Facilitators-in-Training teach RPC to parents in their community.

WHO SHOULD PARTICIPATE?

This opportunity is for professionals from public or private licensed child-placing agencies and mental health agencies in North Carolina. We encourage multiple individuals from agencies to apply. Each Staff-Facilitator-in-Training will complete pre-work and participate in group consultation calls before and after attending a 4-day live virtual training. There are limited participation slots available.
