

**It's All Relative**  
Supporting Kinship Care

NC DEPARTMENT OF  
**HEALTH AND  
HUMAN SERVICES**

## ***KEEPING KIDS CONNECTED TO KIN***

Kinship caregivers are vital partners in providing safe and stable connections and homes for our children and youth. There are exciting new opportunities happening for our kinship families. We want to hear from you on the new initiatives for kinship care providers.

The NC Department of Health and Human Services (DHHS) Division of Social Services is requesting public input from staff and kinship caregivers. DHHS is particularly interested in hearing ideas for:

- **Improving permanency outcomes**
- **Services and resources for kinship care providers**
- **Post-permanency services for kinship care providers**

Your comments are fundamental to understanding what is working and what we can do differently. Please join us for one of these input sessions. If you are unable to attend, you can also provide input via:

**U.S. Mail:** NC Department of Health and Human Services,  
Division of Social Services, 2409 Mail Service Center, Raleigh, NC 27603

**Drop-off:** NC Department of Health and Human Services,  
Division of Social Services, Dorothea Dix Campus, McBryde Building East, 820 S. Boylan Avenue,  
Raleigh, NC 27603

**Phone:** (919)-527-6287
