This FY2011-12 annual report on the three Neuro-Medical Treatment Centers is based on data extracted from the Neuro-Medical Treatment's data system (HEARTS). The data extract is stored in the Division of Mental Health, Developmental Disabilities and Substance Abuse Service's Client Data Warehouse (CDW). Data on Neuro-Medical Treatment resident population, admissions, discharges and persons served are presented. The number of persons served and the rate of persons served per 100,000 population is shown for each county in the state. The Neuro-Medical Treatment Centers Report has been redesigned to reflect the data of all three Neuro-Medical Treatment Centers in the same table.
