What I am like when I am feeling well. Describe what a good day looks like for me and provide examples of how I feel when I have a sense of overall wellness and wellbeing. Describe how I interact, appear, and behave and what meaningful activities I participate in.

Early signs that I am not doing well. Things that may trigger the onset of a crisis, such as anniversaries, holidays, noise, change in routine, medical problems or not getting needs met, need medication(s), being isolated, etc. What do I do when I'm not doing well such as not keeping appointments, isolating myself, communicate loudly/hyper-verbal, etc.

Ways that others can help me, what I can do to help myself. Describe things that help me continue to do well. Examples include: breathing exercises, journaling, taking a walk, etc. Note any individuals to whom I respond best. .

To Prevent Crisis

If I Have a Crisis

What has worked well with me...what has not worked well. Treatments that have and have not worked in past crises; Specific recommendations for interacting with me during a crisis. Describe preferred and non-preferred treatment facilities, medications, etc. Describe how crisis staff should interact with me when entering a crisis. For example, I like music, I like to go for a walk, I like to be talked to, peer counseling, I don't like to be touched, etc.
