**Date:**

## **NOTICE TO MEDICAID RECIPIENTS**

The North Carolina Division of Social Services is doing a study of the Food Stamp Program. Researchers from the University of North Carolina at Chapel Hill will be calling a number of Medicaid households that receive food stamps starting December 1. You may be called and asked to be part of the study. The study should take less than ten minutes to complete. The study is voluntary. You will not lose your Medicaid or food stamp benefits if you do not want to be part of the study.

If you have questions about the study, please contact your county Department of Social Services.
