It is expected that all disaster workers take the revised course, either instructor-led or web-based, before deploying on a disaster assignment or within the next 6 months. Anyone who has completed the revised instructor-led version since January 2017 does not need to re-take the training." Below this text, it states "Course Prerequisites: Disaster Cycle Services: An Overview".

At the bottom of the course card, there are two sections: "Available Languages" with the option "English (US)", and "Subjects" with the text "Disaster Cycle Services, Disaster Cycle Services > Respond".

The footer of the page features the Cornerstone logo on the left and the text "Powered by Cornerstone OnDemand, Inc. ©2000-2017 All Rights Reserved.
