A	1 <sup>st</sup> week of June (complete)	mid-July
B	1 <sup>st</sup> week of July (complete)	mid-August
C	1 <sup>st</sup> week of August (complete)	mid-September
D	1 <sup>st</sup> week of September	mid-October

- Each county should ensure they are ready for case activation approximately 2 weeks ahead of their target activation timeframe.
- NC FAST staff will be contacting each county to ensure all cases and actions items are accounted for at case activation.
- Each county will be asked to confirm readiness for case activation including the following:
  - Completion of conversion from SCCRS
  - Ranking of Funds
  - Setup of LPA Fund Manager

# Project 4 Timeline

NC legislation intent is that P4-Child Services be operational by the end of 2017. Full deployment to all counties is planned over 18 months through the end of 2018.

User Checkpoints for Pilot and Group 1 (JAD participants) were held in January and May, with participants rating the system as “satisfactory” or “very satisfactory”;

User Acceptance Testing allows extensive testing by county staff prior to each release.

Extended Pilot county and Group 1 deployments are planned (3 months each) to allow adequate time for application stability, user training, and process reviews.

Release 3 is planned, subject to federal and state budget approval. Primary features are additional interfaces to external systems and deployment of Social Enterprise Collaboration features.

# Project 4 Timeline

## Project 4 Go-Live on August 7 in Pilot Counties

- Results
- Defects
- War room
- Help Desk
- 24/7 availability – Inquiry Only during monthly outages
- Training
- Early lessons learned

## Project 4 Updates

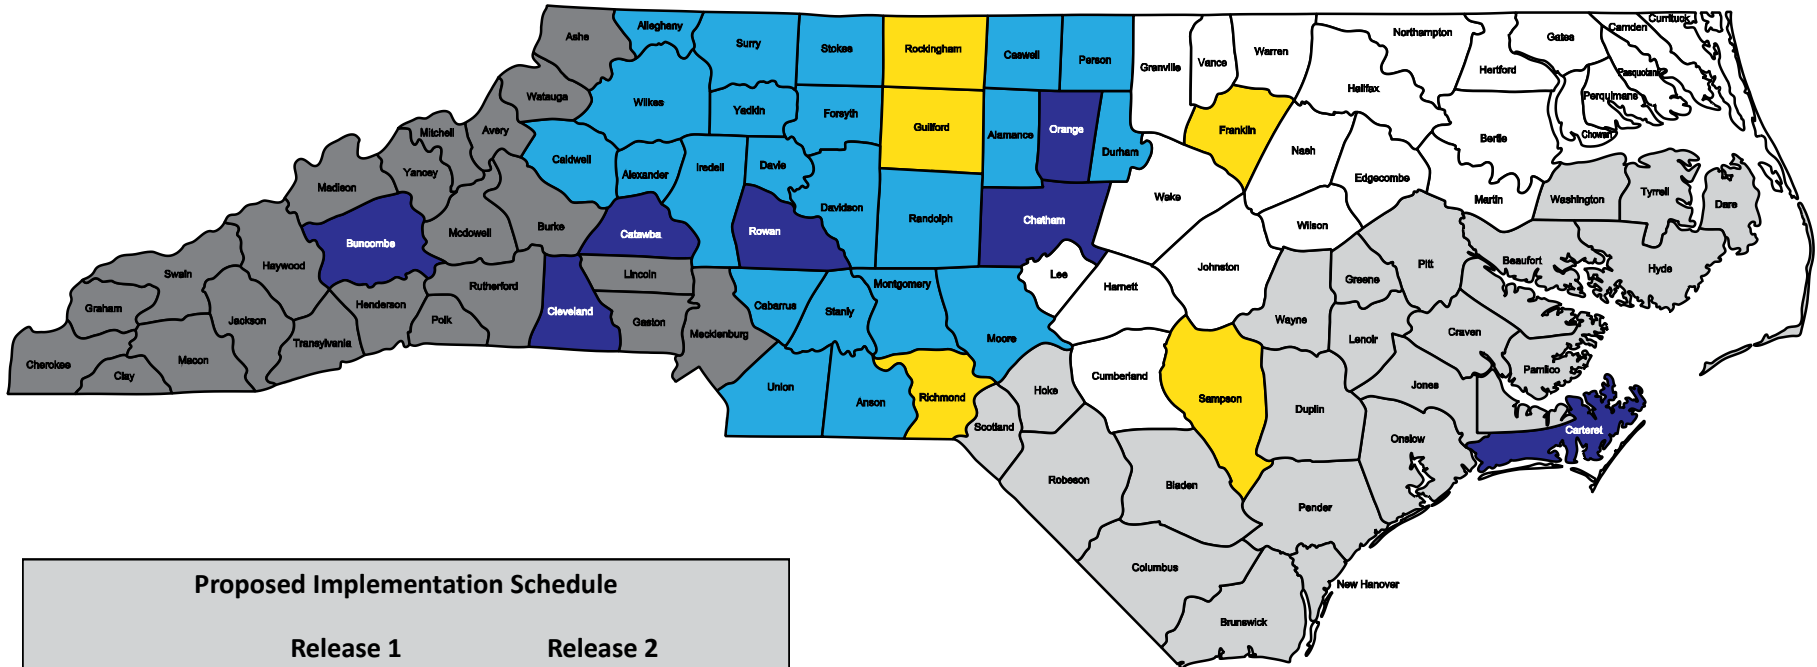

- Design, development, and test activities for Release 2 are in progress.
- Collaborative design webinars and previews of development work with county and state users for Release 2 are ongoing.
- Conversion of Central Registry data is complete for Pilot counties. Foster Care data conversion for Pilot counties will occur on August 26.
- Recruiting for additional Business SMEs is continuing. Kevin Kelley has joined the team as Business Services Manager.
- Help Desk staff dedicated to Child Services in operation 24/7.
- NC FAST Mobile app is in development with a target release date of late September for pilot counties.
- Eastern Leadership Workshops almost completed; western Leadership Workshops are scheduled.

## Project 4 Updates – cont.

- Coordinating with DSS and the Department of Information Technology Government Data Analytics Center (GDAC) to assure data sharing and integration processes are established between the NC Child Welfare ASSIST initiative and the NC FAST system.
- Holding monthly status meetings with State DSS leadership and Tri-chair committee; providing Project 4 briefings at state and regional director meetings.
- Communication: Posted training materials and project status information on the project collaboration site ([ncfasttraining.nc.gov](http://ncfasttraining.nc.gov)) and maintained communication via the project email address ([NCFAST\\_4\\_Child\\_Services@dhhs.nc.gov](mailto:NCFAST_4_Child_Services@dhhs.nc.gov)).
  - 54 messages sent from Dec. 6, 2016, to August 12, 2017; practically weekly; targeted to county child welfare staff who, because they aren't on NC FAST, don't receive the usual NC FAST communications
  - Largest distribution list has about 1,000 subscribers

# Rollout Schedule

## Proposed Implementation Schedule

	Release 1	Release 2
 Pilot	July 2017	December 2017
 Group 1	October 2017	March 2018
 Group 2	January 2018	June 2018
 Group 3	February 2018	July 2018
 Group 4	March 2018	August 2018
 Group 5	April 2018	September 2018

Approved by Tri-Chairs and EAC, subject to endorsement by pilot county directors based on pilot county deployment results. The time has come for the P4 County Readiness team to start engaging with Group 2-5 counties. The first step in that process is the regional Leadership Workshops.

## Lessons Learned

- Training needs to start early
  - OSS training should be held early
  - eLearning was good to build basic understanding
  - Sandbox was a critical component to allow practice and assessment of how NC FAST processes would work on the local level
  - Leadership engagement in training completion tracking was very helpful
  - Training completion tracking and reporting was a challenge
- User security should be completely set up 1 week prior to go-live
- Wireless headsets allow ease of typing for Intake staff
- Performance monitoring tools were effective in pinpointing source of performance issues
- 24/7 system availability for CW users is working
- Converted all possible RIL data; additional data will be brought over prior to Group 2 go-live

# Leadership Workshop Schedule

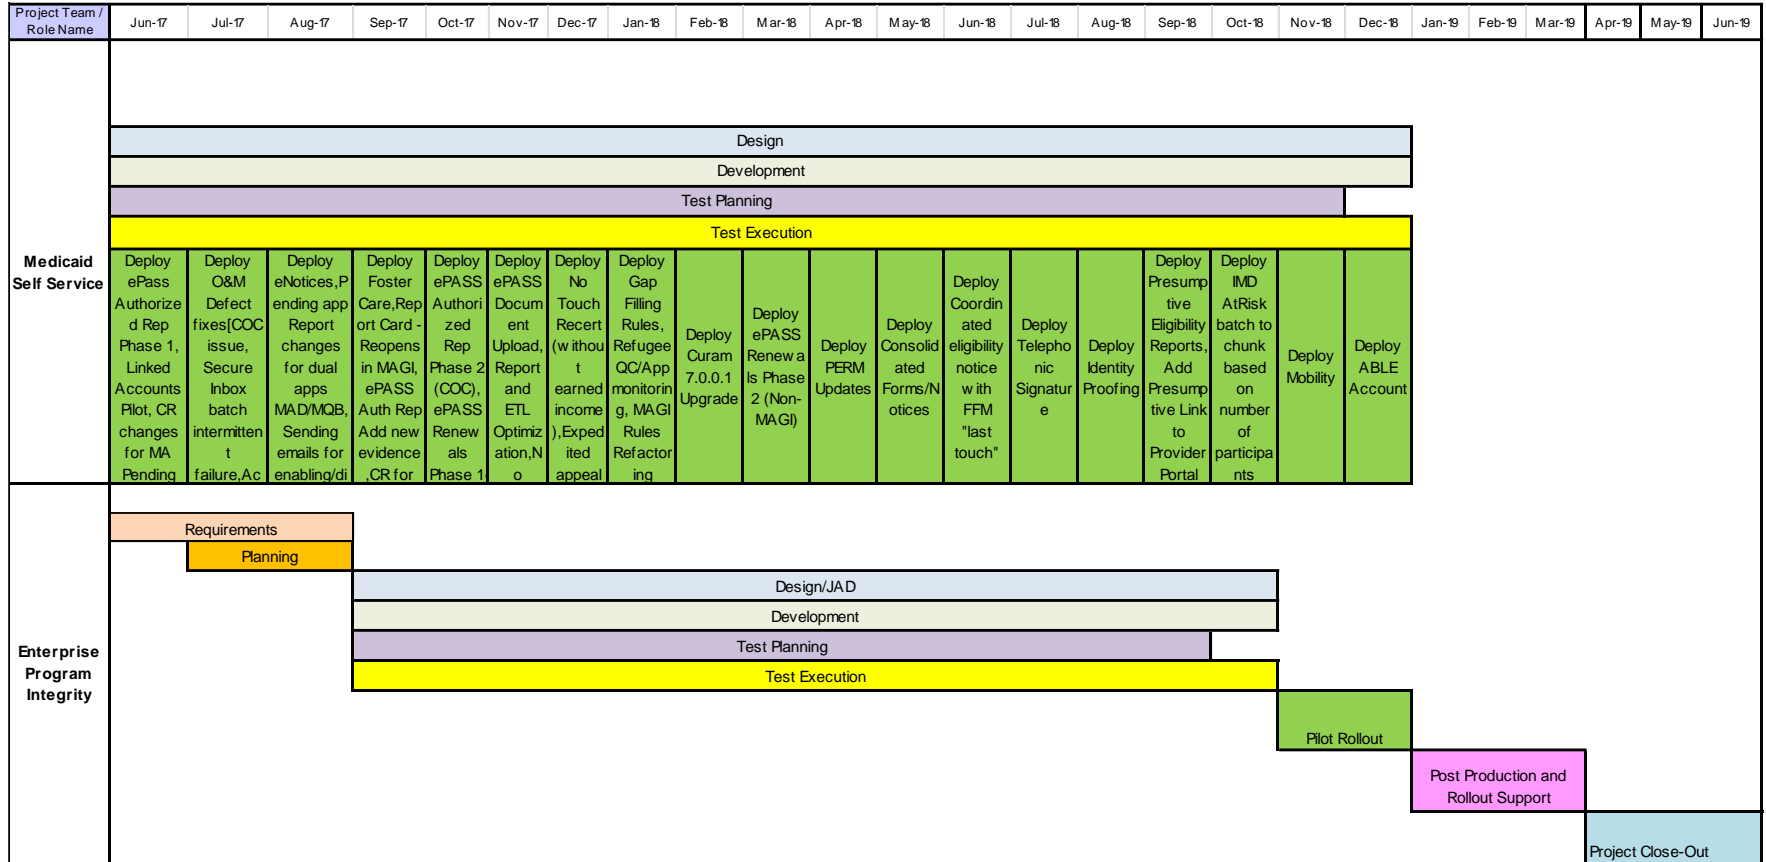

Rescheduled Beaufort and Cumberland sessions

## Upcoming Project 4 Activities

- Cumberland Leadership Workshop rescheduled for September 11-12
- Beaufort Leadership Workshop rescheduled for September 19-20
- West Leadership Workshops – September-October (various dates)
- Social Services Institute – October 18-20
- Sandbox available to Group 1 counties (security set up in process)
- Web-Based Training modules (WBTs)
  - Available now: 55 modules incorporating updates from Pilot
- Additional onsite and virtual trainings will be scheduled, based on county staff availability

# Project 9 Timeline

## NC FAST P9 Timeline

Note:- This deployment schedule for releasing new P9 functionality is subject to change based on several factors like change in priority from business, successful regression testing, performance testing, timing conflicts with other NCFast functionality etc.

New system functionality and change requests (enhancements) for Medicaid will be prioritized by the Business and worked by the development team in Sprints.

## Project 9 - Medicaid Self-Service

- ~2.13 million 1095-B transmissions were successfully transmitted to the IRS. We will run the load, forms and transmit batch every month to capture any updates/corrections to eligibility and/or demographic information and mail the corrected notice to the impacted participants provided a new Pro Forma has not already been generated and sent by the worker [ Workers have the ability to resend the existing 1095-B or print a New Pro Forma for an individual].
- Deployed changes to MA Report Card and O&M Pending App detail report changes from May-August based on DMA direction.
  - List out as applicants instead of applications.
  - Due date label modified to 'Original Due Date.'
  - Show 45 and 90 day applications with MAD indicator Y/N.
  - Add applicant name column.
  - Include LIS apps and Administrative apps (include a new column to designate admin apps).
  - Include Admin apps as separate totals.
  - Handle MQB (Processing time -45 days) and MAD(Processing time -90 days) dispositions separately for proper reporting.
- Published the April MA Report Card to give the counties an opportunity to provide feedback. NC FAST is awaiting DMA approval to post the January-June Report Cards.

## Project 9 - Medicaid Self-Service

- ePASS Updates batch to send emails to users in Pilot Counties for promoting linking was deployed on June 9, 2017. A total of 7084 emails were sent to users in Pilot Counties (Catawba, Wake, Buncombe, Henderson, Alexander). After a follow-up call with the county POCs we have decided to focus on integrating the RIDP solution for promoting linking as we are still waiting for users to reach out to their county office to get their accounts linked.
- The following notices will be available electronically in Secure Inbox in the August release: NCFAS 20020 ,DMA-5082, DMA-5098, DMA-5100,1095B, MMAT, DMA-5161 and DMA-5180.
- Implemented ePASS Authorized Representative Phase 1 in June. Email notifications for enabling/disabling authorized representative will be deployed in the August release.
- Development is in progress for the following items currently slated for the September release:-
  - Foster Care
  - QC Redesign
  - Add New Evidence for ePASS Authorized Representative.
  - COLA/UNCOLA Automation
  - MEC Check for FFM and ePASS Apps and auto-deny for ones receiving without case worker intervention.
  - Handle reopens for MAGI applications

## Scope

- **Replace existing legacy system Enterprise Program Integrity Control System (EPICS) with NC FAST functionality to support the entry of referrals, investigations, and the tracking of substantiated claims for over-issuances for FNS, Medicaid and Work First programs**

## Requirements Phase

- **Completed EPICS current system capabilities review.**
- **Completed definition of all user requirements and conducting review with stakeholders to gain agreement.**
- **Engaged two program integrity workers and a program integrity supervisor in the process of gathering requirements from Alamance, Guilford and Pitt Counties respectively.**
- **Requirements Phase to be completed by August 31, 2017.**
- **Planning for development phase, scheduled to begin in September 2017.**
