

Pender County 2008

MRS Evaluation Fact Sheet

Child Safety

	Fiscal Year				Mean Pre-MRS 02-03 thru 04-05		Mean MRS 06-07 thru 07-08		% Change	
	02-03	04-05	06-07	07-08	County	Comp Grp ¹	County	Comp Grp	County	Comp Grp
Rate of Assessments ²	69.3	70.1	52.0	62.0	70.4	70.0	57.0	65.0	-19.0	-7.1
Rate of Substantiations ³	17.2	18.4	7.1	9.0	17.2	17.4	8.0	12.6	-53.4	-27.8
Rate of Substantiated Abuse ⁴	1.2	2.5	0.8	0.9	1.8	1.5	0.8	1.1	-54.3	-24.8
6 Month Repeat Assessment Rate ⁵	17.8	13.8	11.6	13.3	15.4	15.9	12.4	12.0	-19.1	-24.7
6 Month Repeat Substantiation Rate ⁶	5.4	5.5	12.0	10.2	5.7	6.3	11.1	5.4	93.7	-14.3

Note: MRS was initiated in January 2006.

Six-Month Repeat Assessments

Graph compares the likelihood of a 6-month repeat assessment for the Family and Investigative Tracks. Numbers include all assessments each year (may include multiple assessments for one child in the same year).

Graph compares the likelihood of a 6-month repeat assessment for each case finding. Numbers include all assessments handled in the Family Track (may include multiple assessments for one child in the same year).

¹ County comparison groups were chosen based on county rates of assessments and child population. Counties in comparison group: Cabarrus, Cumberland, Edgecombe, Pender, Richmond, and Wayne.

² Rates are per 1,000 children residing in county.

³ Substantiations include findings of Services Needed.

⁴ Abuse always includes substantiations of "Abuse and Neglect."

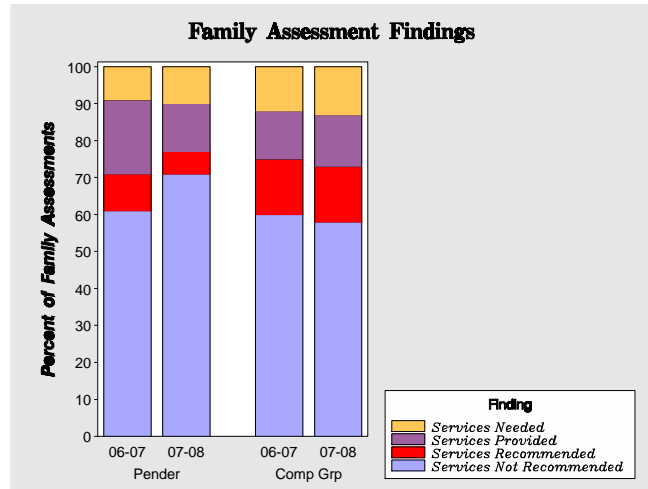

⁵ Repeat Assessment is defined as a child who is involved in more than one accepted report within 6 months.

⁶ Repeat Substantiation is defined as a child who has a substantiated report within 6 months of another substantiated report.

Family Assessment Track

Percentage of assessments assigned to the Family Assessment Track. Graph compares select county to the average of the comparison counties from fiscal year 2006-2007 to 2007-2008.

Breakdown of findings within the Family Assessment Track for fiscal years 2006-2007 and 2007-2008 as compared to the average of the comparison counties.

Timeliness of Response and Time to Case Decision

	Fiscal Year				Mean Pre-MRS 02-03 thru 04-05		Mean MRS 06-07 thru 07-08		% Change	
	02-03	04-05	06-07	07-08	County	Comp Grp	County	Comp Grp	County	Comp Grp
% On-time Response⁷										
Overall	92.6	80.0	85.1	90.3	87.3	90.6	87.7	93.8	0.5	3.5
Reports of Neglect	92.6	79.3	88.1	91.9	87.3	91.0	90.0	94.6	3.1	3.9
Reports of Abuse	93.0	83.1	69.6	82.0	87.2	87.5	75.8	88.9	-13.2	1.7
% On-time Case Decision⁸										
Overall	75.3	23.6	32.5	36.4	47.2	61.9	34.5	58.1	-27.1	-6.2
Family Assessment Track	-	-	56.9	56.7	-	-	56.8	70.0	-	-
Investigative Track	-	-	17.8	20.3	-	-	19.0	39.6	-	-

⁷ On-time Response is calculated as response within 24 hours for reports of Abuse, and within 72 hours for reports of Neglect.

⁸ On-time Case Decision is calculated as decision made within 30 days for pre-MRS and Investigative Track assessments, and within 45 days for Family Track assessments.

Primary Contributory Factors for Fiscal Year 2007-2008

Child Contributory Factors Total Children: 6	Children with this Factor	
	#	%
Alcohol Abuse	0	0.0
Behavior Problem	3	50.0
Drug Abuse	2	33.3
Emotionally Disturbed	0	0.0
Learning Disability	0	0.0
Mental Retardation	1	16.7
Physically Disabled	0	0.0
Visually or Hearing Impaired	0	0.0
Other Medical Condition	0	0.0

Percent of Children with Repeat Assessment within Six Months

Factor	Percent
Beh Prob	50.0
Drug Ab	33.3
Ment Ret	16.7

Caregiver Contributory Factors Total Children: 39	Children with this Factor	
	#	%
Alcohol Abuse	13	33.3
Drug Abuse	20	51.3
Emotionally Disturbed	0	0.0
Lack of Child Development Knowledge	5	12.8
Learning Disability	0	0.0
Mental Retardation	0	0.0
Physically Disabled	1	2.6
Visually or Hearing Impaired	0	0.0
Other Medical Condition	0	0.0

Percent of Children with Repeat Assessment within Six Months

Factor	Percent
Alc Ab	33.3
Drug Ab	51.3
Lack Know	12.8
Phys Dis	2.6

Household Contributory Factors Total Children: 37	Children with this Factor	
	#	%
Domestic Violence	21	56.8
Financial Problem	1	2.7
Inadequate Housing	15	40.5
Public Assistance	0	0.0

Percent of Children with Repeat Assessment within Six Months

Factor	Percent
Dom Viol	56.8
Fin Prob	2.7
Inad Hous	40.5

Tables highlight the percentage of children with a finding of Substantiated or Services Needed with a Primary Contributory Factor recorded in 2007-2008. Contributory Factors are separated into categories depending on whether the factor is specific to the child, caregiver or household. **Note that 50.5% of assessments with findings of Substantiated or Services Needed were NOT assigned any Primary Contributory Factors.** Therefore, the data above may not be representative of the entire population. Repeat Assessment is defined as a child who received a finding of Substantiated or Services Needed with an identified Contributory Factor during fiscal year 2007-2008 and who was involved in another accepted report within 6 months of the substantiated report. The % reflects percentage of children with a given Contributory Factor who had a Repeat Assessment.

Frontloading Services and Other Information for Fiscal Year 2007-2008

Status of Data Collection and Reporting

- ➔ A total of **796** assessments were reported to the Central Registry.
- ➔ Of these, **615** assessments (**77.3%**) were reported through the web-based Multiple Response Database.
- ➔ So, **181** assessments (**22.7%**) reported to the Central Registry were NOT registered in the Multiple Response Database.
- ➔ Of the 615 assessments reported to both the Central Registry and the Multiple Response Database, **32.0%** included some information about MRS services that were needed, referred or provided.
- ➔ For the assessments with some MRS services information, **24.7%** of the reported services were referred and/or provided with no indication of the service being needed.

MRS Services Needed, Referred, and Provided

➔ Of the assessments with reported services, the top 5 identified service needs in the select county accounted for 50.3% of all identified service needs.

Top 5 needs, and how successfully they were referred or provided:

	#	% Referred	% Provided
Case Planning/Case Management	49	71.4	69.4
Individual Counseling	30	56.7	26.7
Parenting Skills	30	76.7	46.7
Day Care	27	77.8	59.3
Substance Abuse Treatment	27	74.1	59.3

Comparison of Blended v. Not Blended 210/215 Cases

	% of Children With a Repeat Assessment	Mean # of Minutes of Frontloaded Services
Blended	5.1	554.4
Team Blended	9.9	359.1
Not Blended	8.2	565.7

Data combined for all counties in the comparison group. Includes all assessments with transfer information.
