

ENERGY PROGRAMS OUTREACH PLAN

The Low-Income Home Energy Assistance Program (LIHEAP) is a federally funded block grant program that is comprised of three different programs - Crisis Intervention Program (CIP), Low Income Energy Assistance Program (LIEAP) and Weatherization. There are also non-Federal Crisis Intervention Programs - Energy Neighbor, Share the Warmth, Wake Electric Round Up, and Helping Each Member Cope.

To maximize the success of this program, outreach to county residents through key community partner stakeholders, each county department of social services is required to develop and implement an Energy Program Outreach Plan (EPOP). This plan is a framework to assure that eligible households are made aware of the assistance available through these programs.

The county director and/or his/her designee is required to develop the EPOP, which addresses outreach and application activities related to the Energy Programs. The Outreach Plan is due to North Carolina Department of Health and Human Services (NCDHHS) by July 25, 2022.

Each county must form an outreach planning committee that creates the opportunity for county level collaboration to discuss and plan how to effectively reach county residents to inform them of the services provided by the energy programs. The committee should meet at least twice yearly; September for outreach planning related to LIEAP and April to review the outcomes related to LIEAP and to plan for outreach activities for summer weather.
