Perrigo – Gerber Good Start Soothe Pro Powdered Infant Formula: Voluntary Recall of Limited Quantity Issued March 17, 2023

- Perrigo issued a voluntary recall of certain lots of Gerber Good Start SoothePro powdered infant formula out of an abundance of caution due to the potential presence of the bacteria Cronobacter. Perrigo’s announcement indicates that no distributed product has tested positive for the presence of the bacteria and no adverse events have been reported. Consumers who purchased Gerber Good Start SoothePro after March 5, 2023 should check their formula’s Lot Codes and “use by” dates, which can be found on the bottom of the package. See list of Lot Codes and “use by” dates [here](#).
- If your product is affected by the recall, do not use it. Use an alternate product, such as another standard milk-based formula or breast milk, for your infant and talk to your pediatrician or health care provider about any concerns you may have.
- Parents and caregivers of infants, including WIC participants, who have purchased this product should contact Gerber Parent Resource Center at 1-800-777-7690 to learn more, as well as to request refunds for impacted products.
