

## **Governor's Awards for Excellence**

The Governor's Awards for Excellence is the highest honor a State employee may receive. The program is designed to acknowledge and express appreciation for outstanding accomplishments or meritorious service(s) that do not fall entirely within the scope of an employee's normal duties. These employees are nominated by their supervisors, co-workers, subordinates and other state employees through seven categories of excellence.

O'Berry Neuro-Medical Treatment Center has had an employee(s) of the facility to win this prestigious award each year beginning in 2006 to 2015.
