1 Introduction

1.1 Purpose of this Document

This document is the SAS® Visual Analytics (VA) Reporting User Guide for NC DHHS: Early Childhood Integrated Data System (ECIDS). The purpose of this document is to outline how users should access, view, and use the VA reports provided in the ECIDS solution.

1.2 Target Audience

The target audience for this document includes any individuals interested or involved in NC ECIDS. NC DHHS, GDAC, and SAS project teams collaborated to produce this document.

1.3 Project Description

The goals for the ECIDS project are to provide:

- A data mart that integrates standardized information from agreed-upon data sources for use in entity resolution and data matching processes.
- A cross-walk table of entities and their associated data record identifiers that can be used by end user processes, and future connections to select, aggregate, and/or summarize data records associated with entities of interest.
- Operational reports in SAS Visual Analytics (VA) that summarize the results of Enterprise Entity Resolution (EER) process runs.
- Documentation on how other data sources from the data warehouse can be added to the EER system in future expansions.

In addition to these goals, the ECIDS system will provide a robust knowledge base of approaches and practices that will inform similar EER-related objectives for other initiatives. This collaboration among projects will ensure more efficient integration of initiative-based entity resolution processes as the associated data sources are migrated to the NC ECIDS process.

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

2 Accessing Reports in SAS® Visual Analytics

2.1 Overview

Users will access the SAS Visual Analytics interface version 8.5.1 on SAS® Viya® to review operational reports. SAS Visual Analytics uses SAS high-performance analytic technologies to help users visualize and explore data.

2.2 Accessing Reports from the DHHS Portal

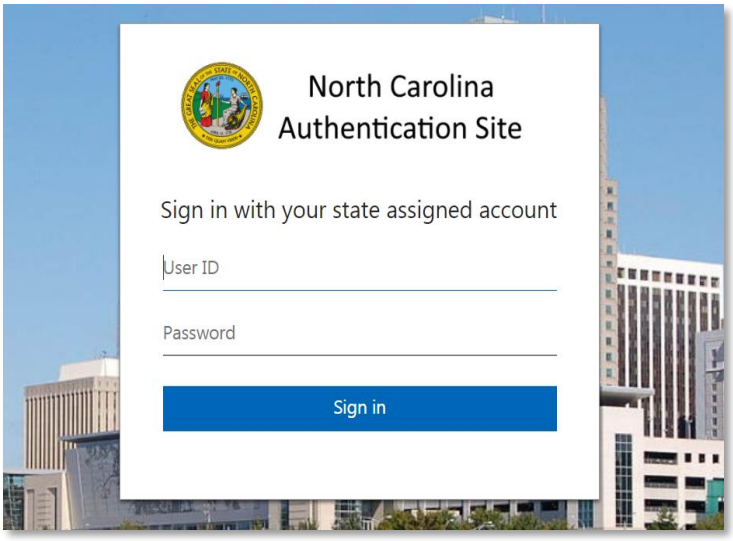
To access SAS Visual Analytics reports via the DHHS Portal, follow the instructions below:

1. Type the following URL in a browser window:
    a. Production Portal (used for regular operations): https://ncgdac.ondemand.sas.com/SASPortal

Note: SAS recommends using Google Chrome to view reports in SAS Visual Analytics.

2. Enter your NCID username and password (Figure 1).

Figure 1: Portal Login Screen – NCID Login



2.3 Logging On to SAS® Visual Analytics

You can also log into SAS Visual Analytics directly. To access SAS Visual Analytics, follow the instructions below:

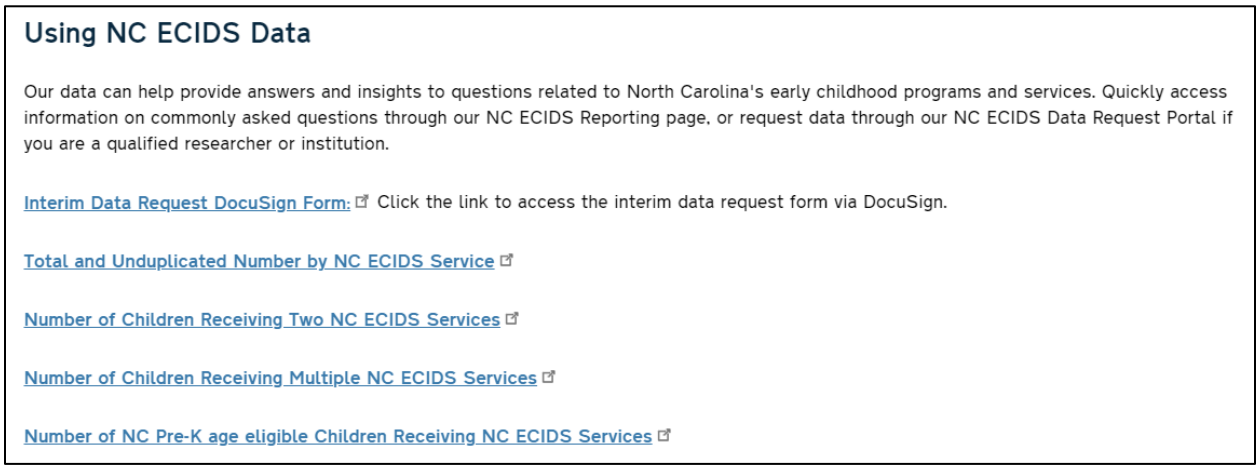
1. Type the following URL in a browser window:
    a. https://www.ncdhhs.gov/about/department-initiatives/early-childhood/north-carolina-early-childhood-integrated-data-system

Note: SAS recommends using Google Chrome to view reports in SAS Visual Analytics.

2. You can find live report links attached to the NC DHHS ECIDS home page (Figure 2).

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

Figure 2: NC DHHS ECIDS Home Page – Live Report Links



2.4 General Functionality

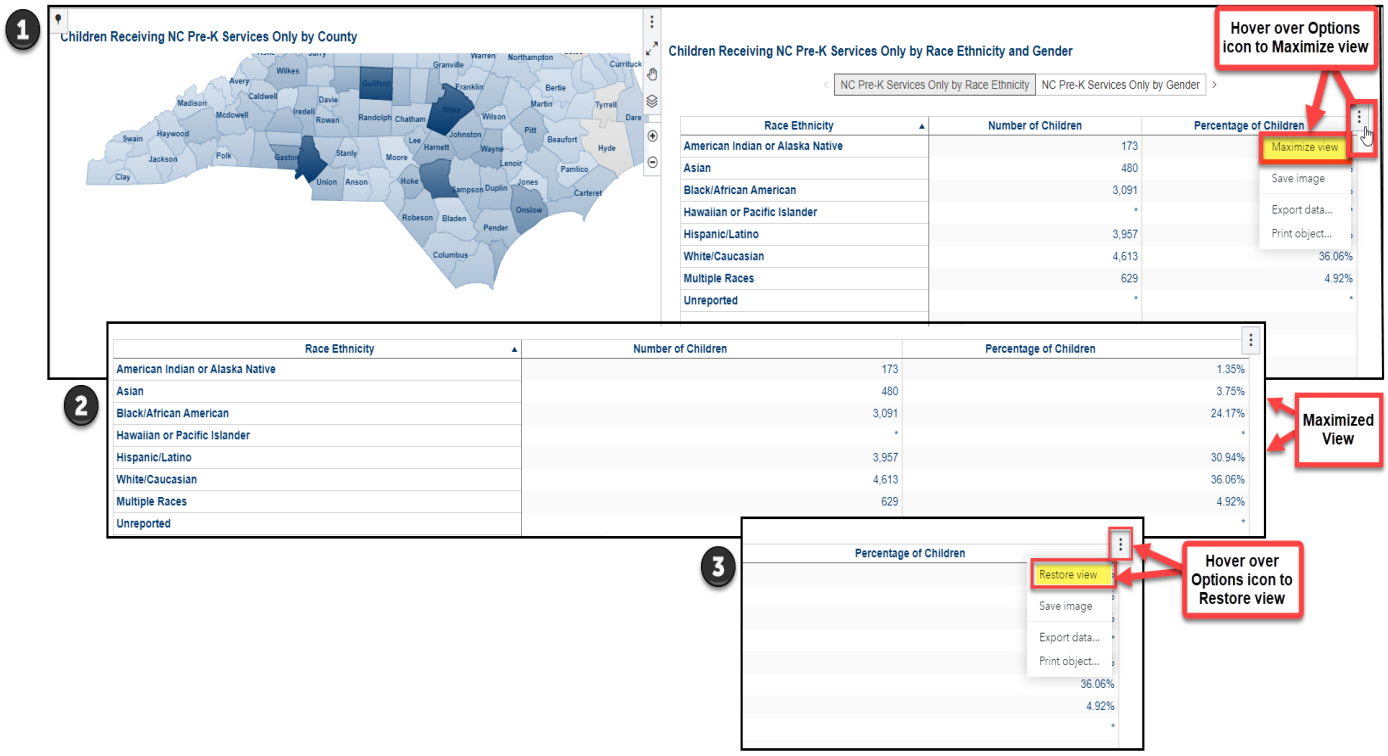
2.4.1 Maximizing and Restoring Report Objects

To get a closer look at a portion of the report, follow the steps below:

Note: The following options will apply to all reports. The reports shown in screen shot is an example.

1. Hover over the report content to display the **Options** icon (⋮) and the **Maximize** view (Figure 3).
2. Click the **Maximize** view to increase the size of the object (Figure 3).
3. Click the **Restore view** to return to the previous view of the report (Figure 3).

Figure 3: Maximizing and Restoring Report Objects



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

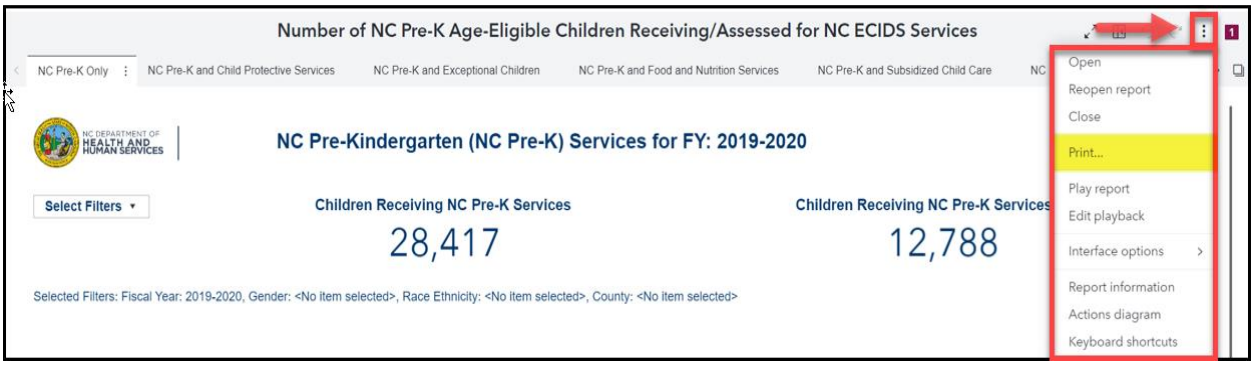
2.4.2 Printing Reports to PDF

SAS Visual Analytics reports can be printed to PDF format, following the steps below:

Note: The PDF version will print visualizations and tables with all filters applied.

1. Click the **Options** icon (⋮) on the top right of the screen and select **Print** from the drop-down menu. (Figure 4).

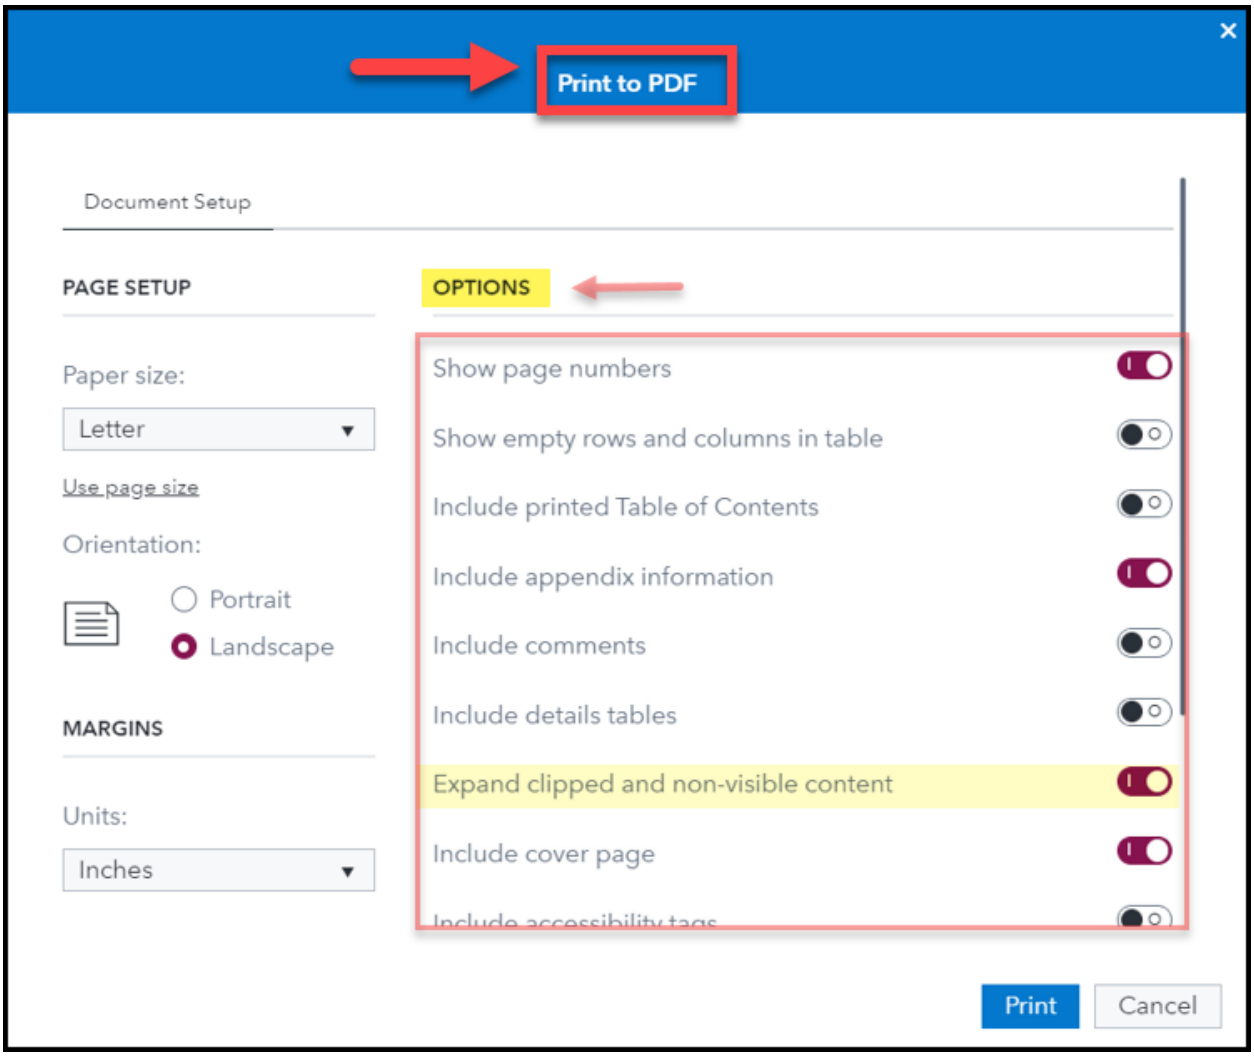
Figure 4: Print to PDF



2. Select printing options (Figure 5). Please note the following when printing reports to PDF:
   a. If **Expand clipped and non-visible content** is selected, clipped content in the PDF will appear at the bottom of the report.
   b. Landscape orientation is recommended as an alternative to portrait, but some content may still be clipped.
3. Click **Print**.

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

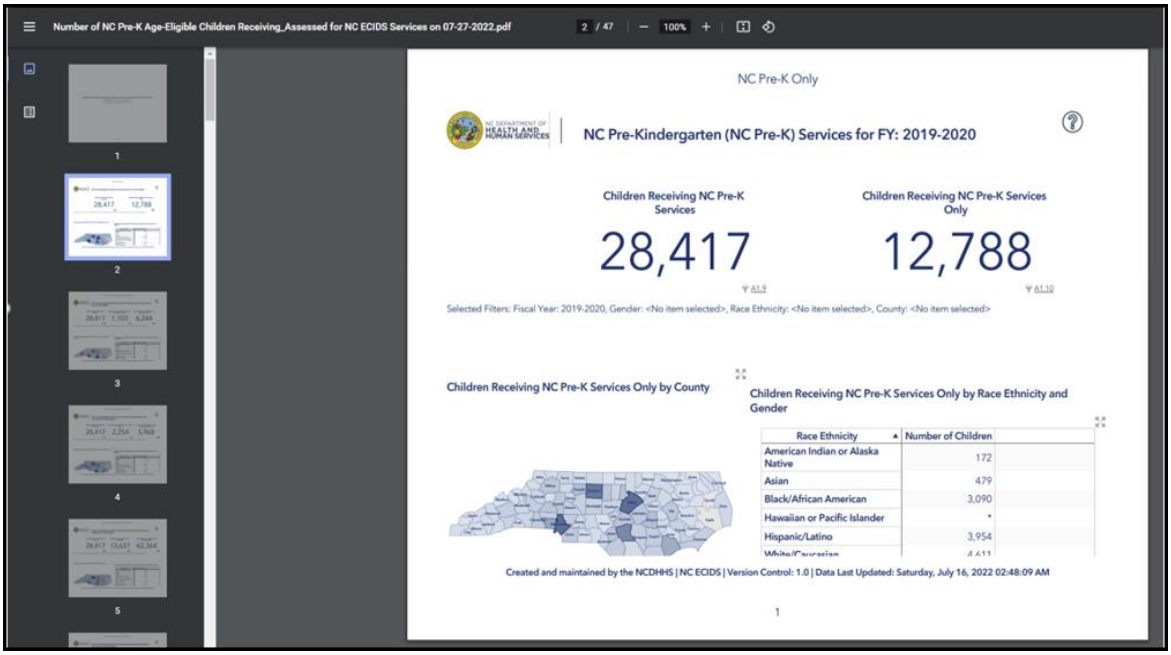
Figure 5: Print to PDF Options



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

4. A PDF of the report is generated in downloads (Figure 6).

Figure 6: Example of Report Printed to PDF



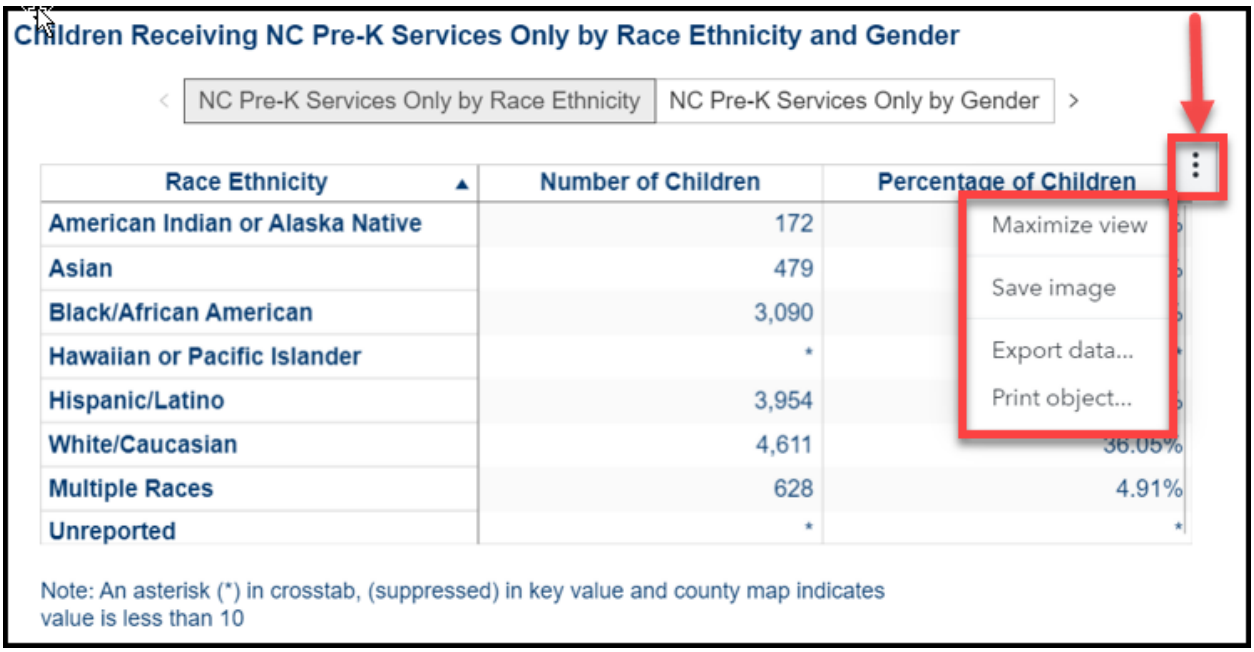
2.4.3 Printing Objects to PDF

SAS Visual Analytics includes the ability to print specific objects within a report to PDF format, following the steps below:

Note: Objects will print with all filters applied.

1. Hover over report content to display the **Options** icon ( ) (Figure 7).

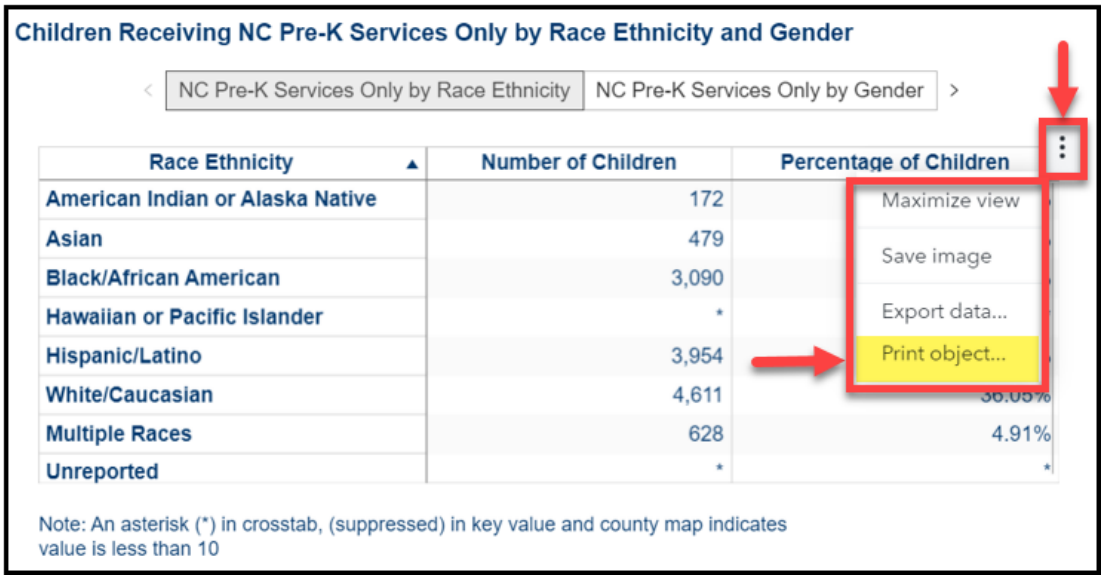
Figure 7: Hover Over Report Content



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

2. Click the **Options** icon (⋮) on the top right of the screen and click **Print Object** from the drop-down menu (Figure 8).

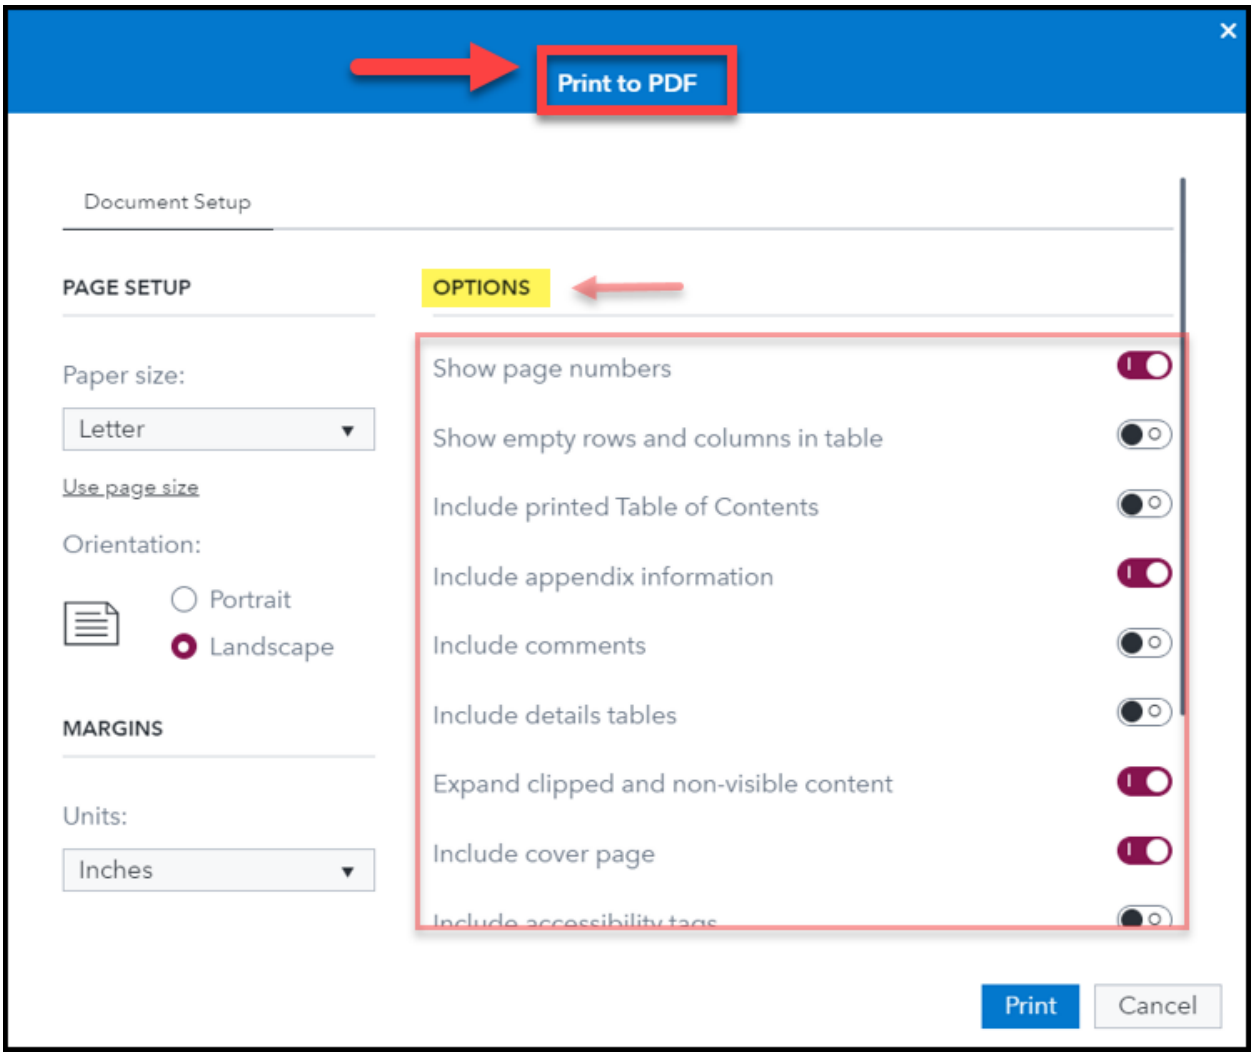
Figure 8: Print Object



3. Select printing options (Figure 9). Please note the following when printing reports to PDF:
   a. If **Expand clipped and non-visible content** is selected, clipped content in the PDF will appear at the bottom of the report.
   b. Landscape orientation is recommended as an alternative to portrait, but some content may still be clipped.
4. Click **Print** (Figure 9).

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

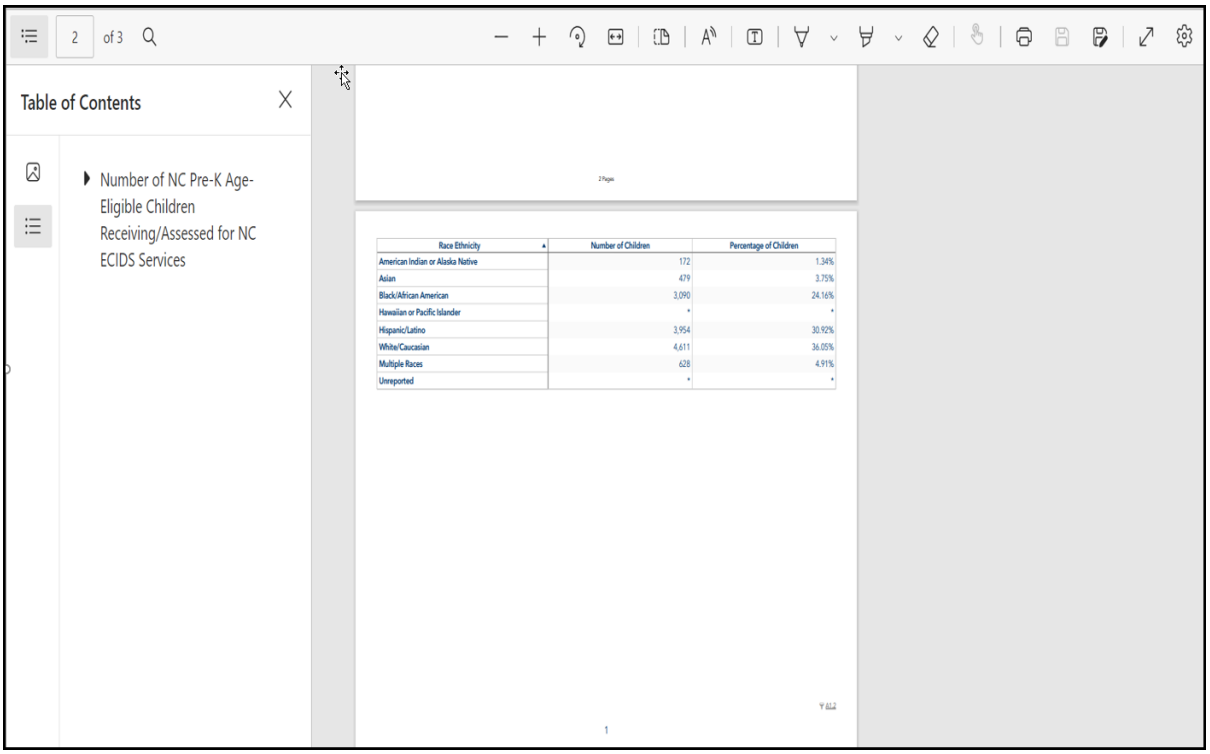
Figure 9: Print to PDF Options



5. A PDF of the object is generated (Figure 10).

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

Figure 10: Example of Objects Printed to PDF



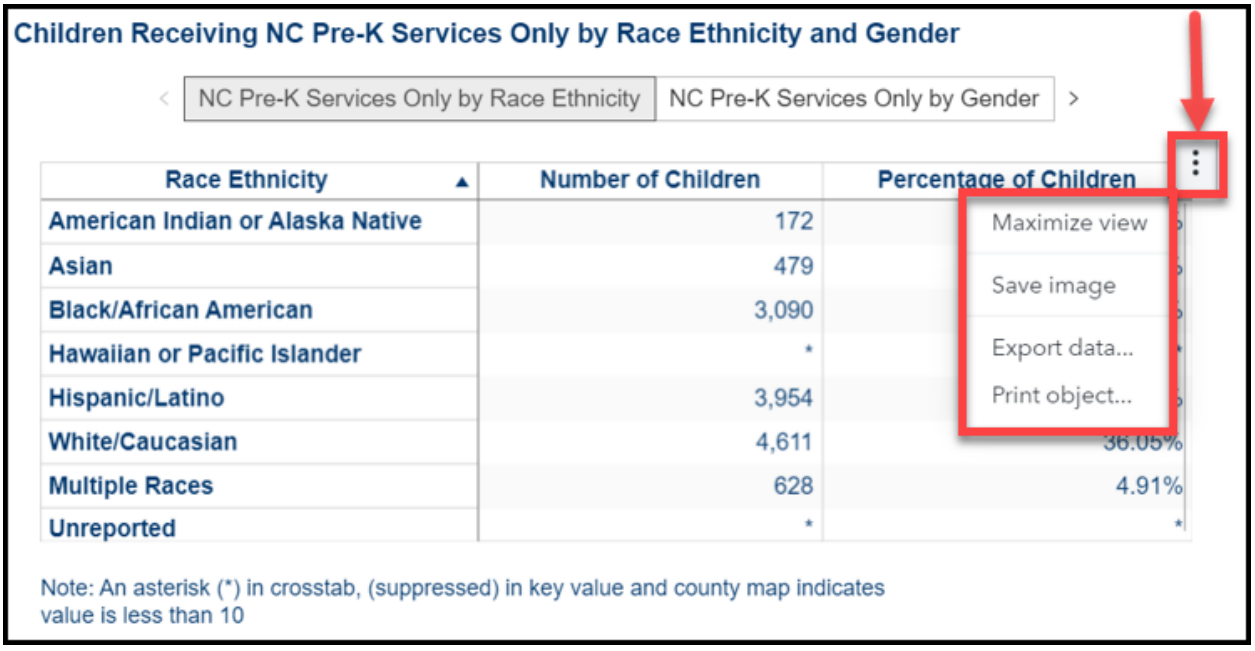
2.4.4 Exporting Object Data to Excel

SAS Visual Analytics includes the ability to export the data from a visualization to Excel, following the steps below:

Note: The underlying data will export with all filters applied.

1. Hover over report content to display the **Options** icon (⋮) (Figure 11).

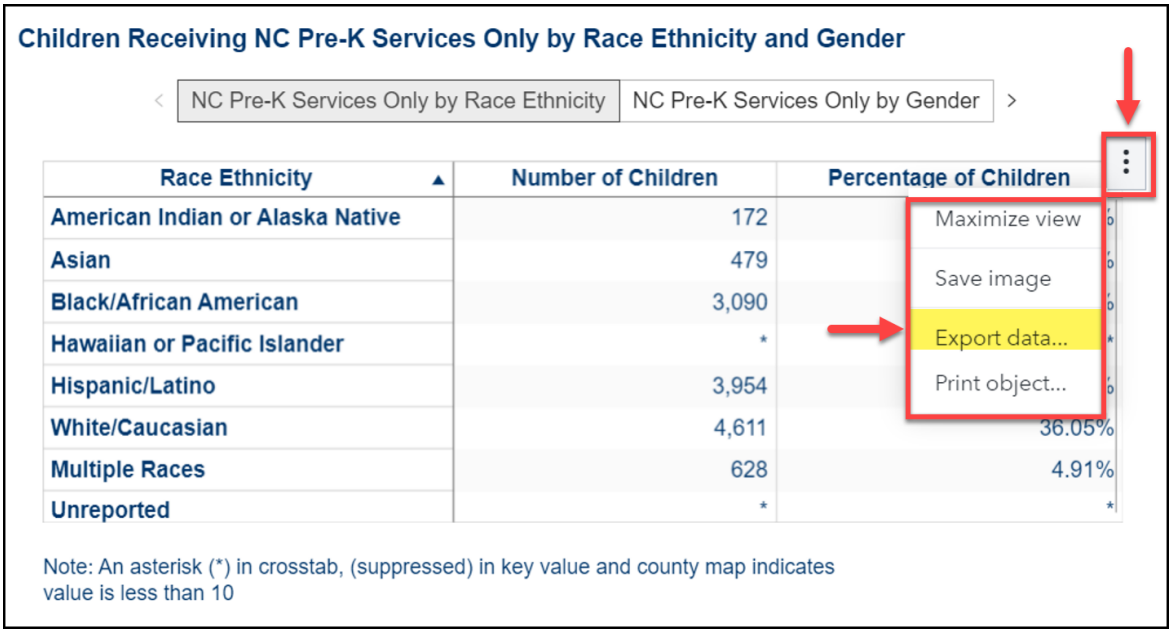
Figure 11: Hover Over Report Content



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

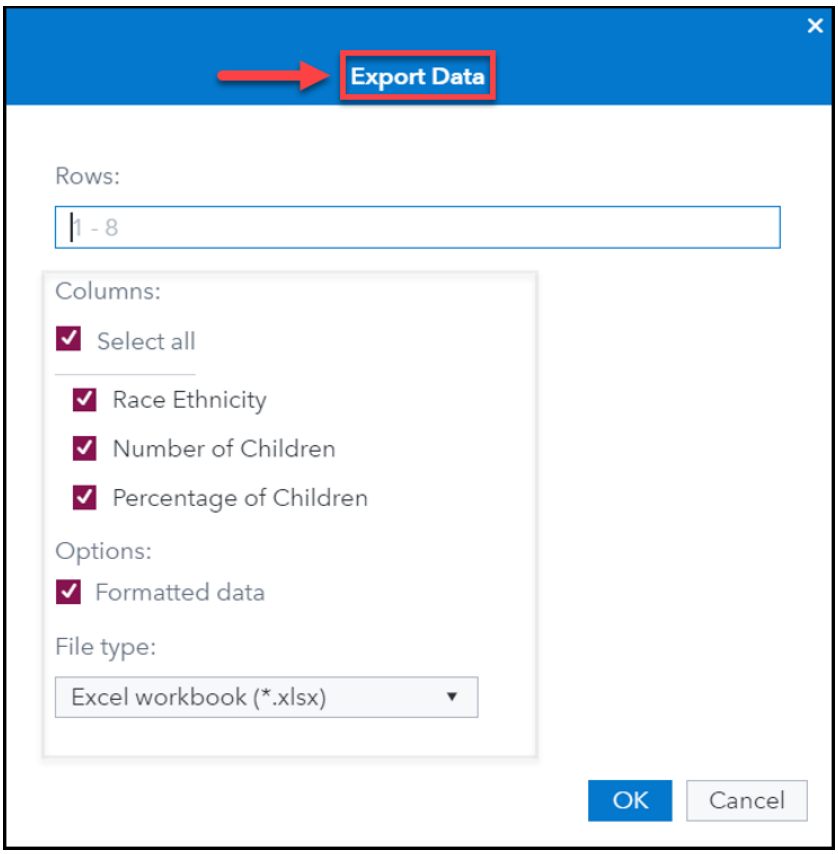
2. Click the **Options** icon (⋮) on the top right of the screen and click **Export data** from the drop-down menu (Figure 12).

Figure 12: Export Data



3. Select export options (Figure 13) and click **OK**.

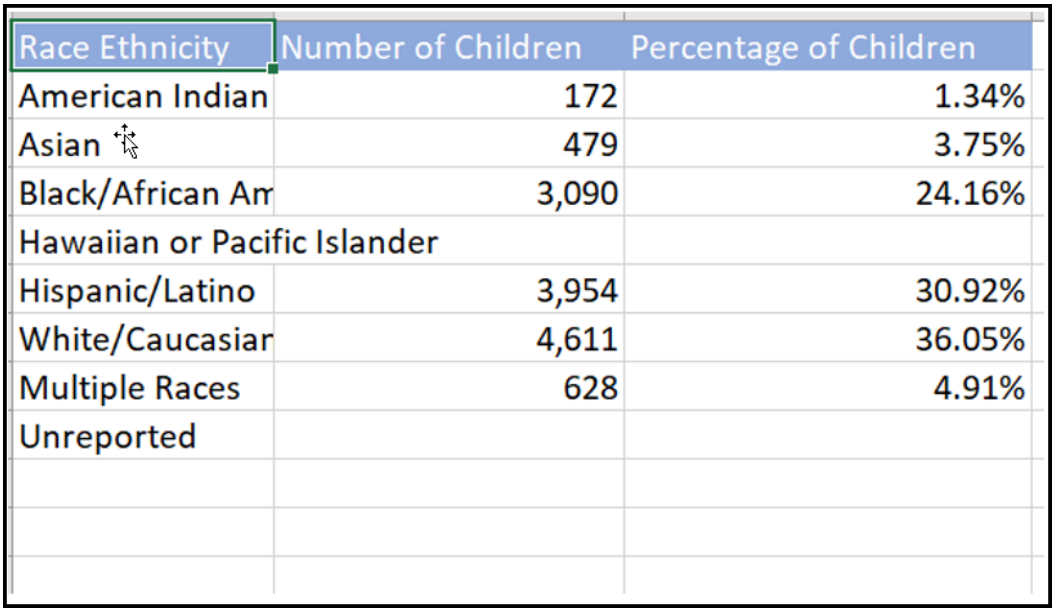
Figure 13: Export Data Options



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

4. An Excel workbook is generated containing the selected report content (Figure 14).

Figure 14: Example of Report Exported to Excel



Race Ethnicity	Number of Children	Percentage of Children
American Indian	172	1.34%
Asian	479	3.75%
Black/African Am	3,090	24.16%
Hawaiian or Pacific Islander		
Hispanic/Latino	3,954	30.92%
White/Caucasian	4,611	36.05%
Multiple Races	628	4.91%
Unreported		

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

3 Early Childhood Integrated Data System Reports

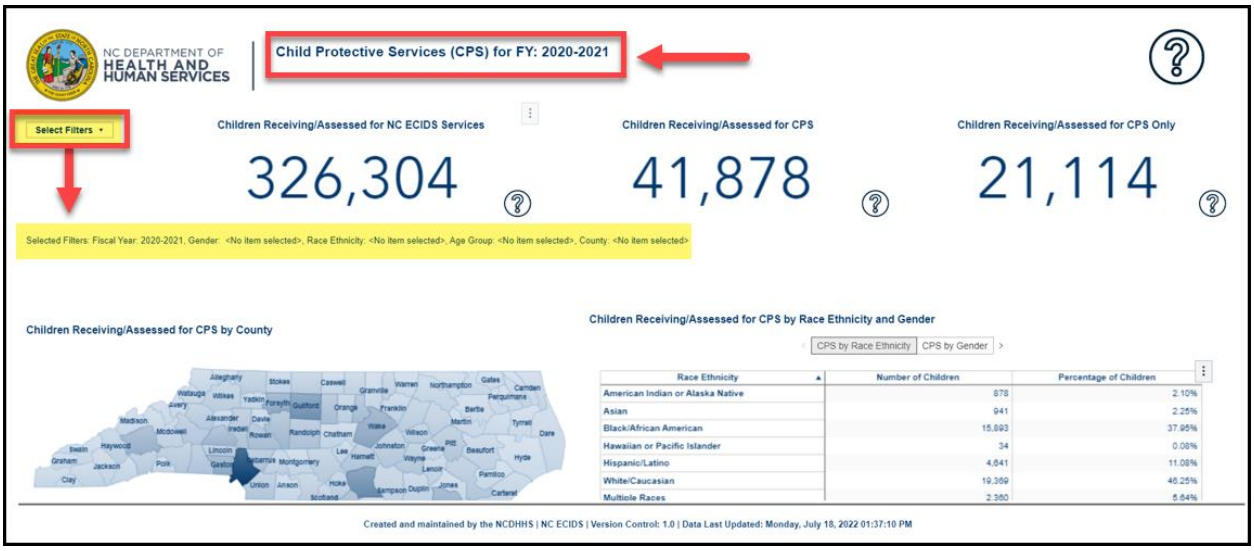
The following operational reports are available.

3.1 Total Unduplicated Number of Children Receiving/Assessed for NC ECIDS Services

This report provides the total duplicated and unduplicated counts of children enrolled in only one program during a specific State Fiscal Year.

Report Link – Child Protective Services (CPS) for FY: 2020-2021

Figure 15: Child Protective Services (CPS) Report for FY: 2020-2021



The number labeled “Children Receiving/Assessed for NC ECIDS Services” represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year. While some children may have been enrolled in a program multiple times within the year (e.g., because of eligibility status or moving), each child is only counted once regardless of how many times they entered or exited during the State Fiscal Year.

The column labeled “Children Receiving/Assessed for [program/service name] Service” represents the total number of children enrolled at least one time in the specified program during the specified State Fiscal Year. While some children may have been enrolled in a program multiple times within the year (e.g., because of eligibility status or moving), each child is only counted once regardless of how many times they enter or exit during the specified State Fiscal Year.

The column labeled “Children Receiving/Assessed for [program/service name] Services Only” reflects the number of children who were only enrolled in the specified program, but not enrolled in any other NC ECIDS program or service. This provides an unduplicated count of children in each of these early childhood programs and services. For example, if 7,524 children were enrolled only in Child Protective Service (CPS) and no other programs, accounting for 23.7% of the CPS total enrollment, that would also mean that 76.3% of children served by CPS were enrolled in at least one other program.

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

3.1.1 Child Protective Services (CPS)

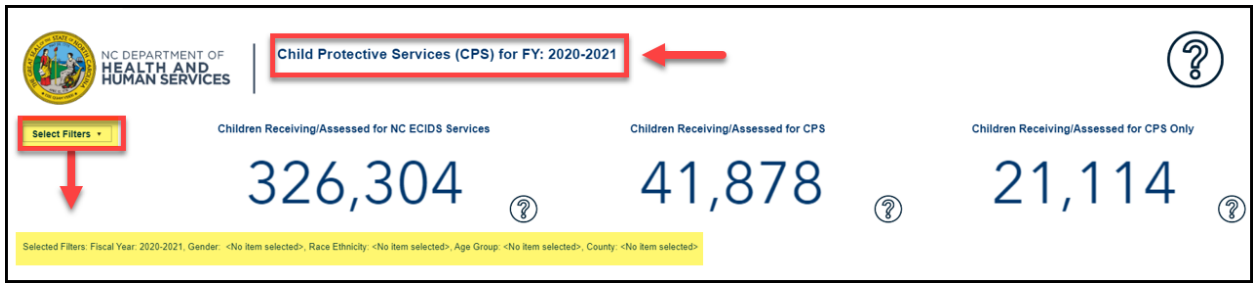
The Child Protective Services page provides count of number of children receiving Child Protective Services.

Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

Children Receiving/Assessed for CPS Services - represents the total number of children enrolled at least one time in the Child Protective service during the specified State Fiscal Year.

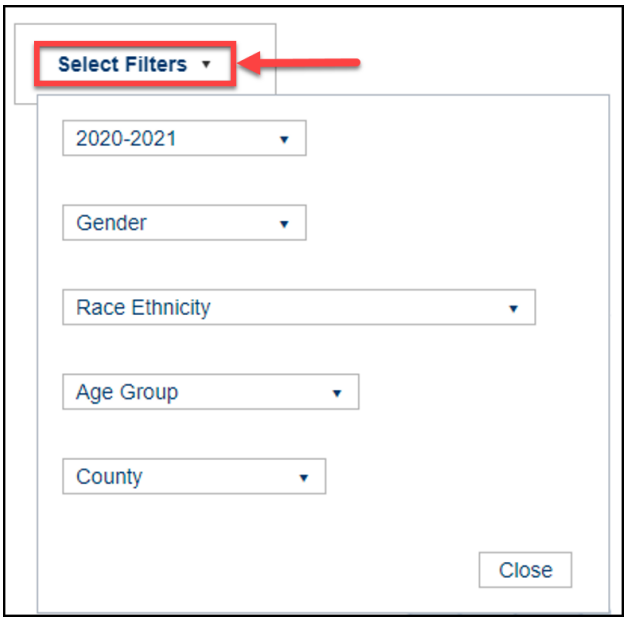
Children Receiving/Assessed for CPS Services Only - reflects the number of children who were only enrolled in the Child Protective service program, but not enrolled in any other NC ECIDS program or service.

Figure 16: Children Protective Services (CPS) for FY: 2020-2021



The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County.

Figure 17: Select Filters

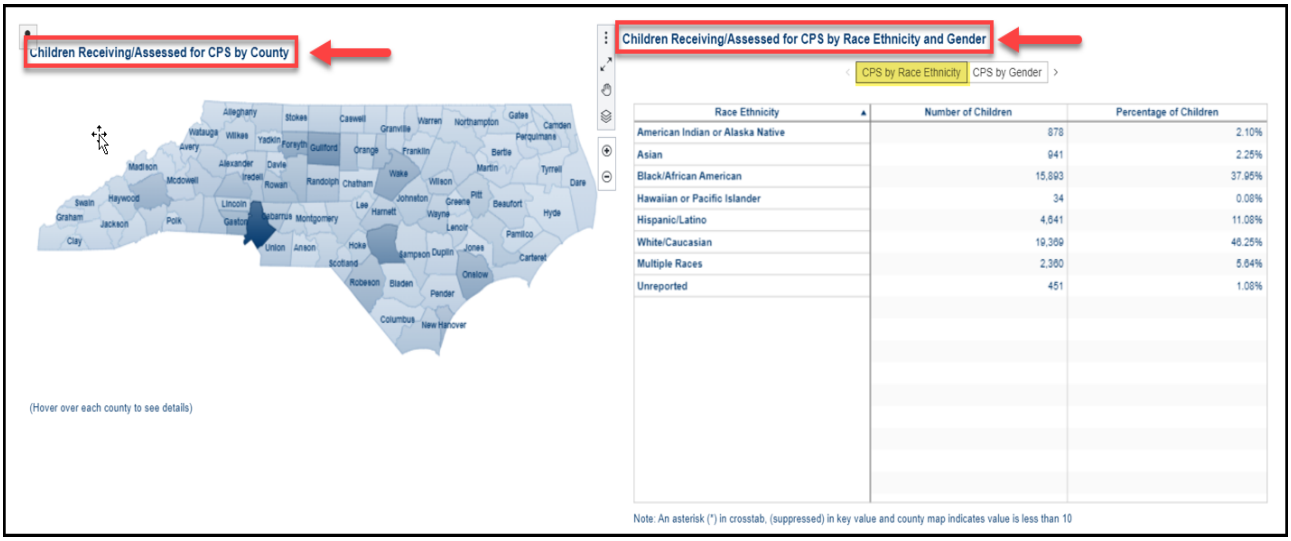


Selected Filters: Fiscal Year: 2020-2021, Gender: <No item selected>, Race Ethnicity: <No item selected>, Age Group: <No item selected>, County: <No item selected>

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

The report is available as a table grouped based on Race Ethnicity and Gender. The map provides the count for each county.

Figure 18: Children Receiving/Assessed for CPS by County, Race Ethnicity and Gender



3.1.2 Exceptional Children (EC)

The Exceptional Children Services page provides count of number of children receiving Exceptional Children Services.

Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

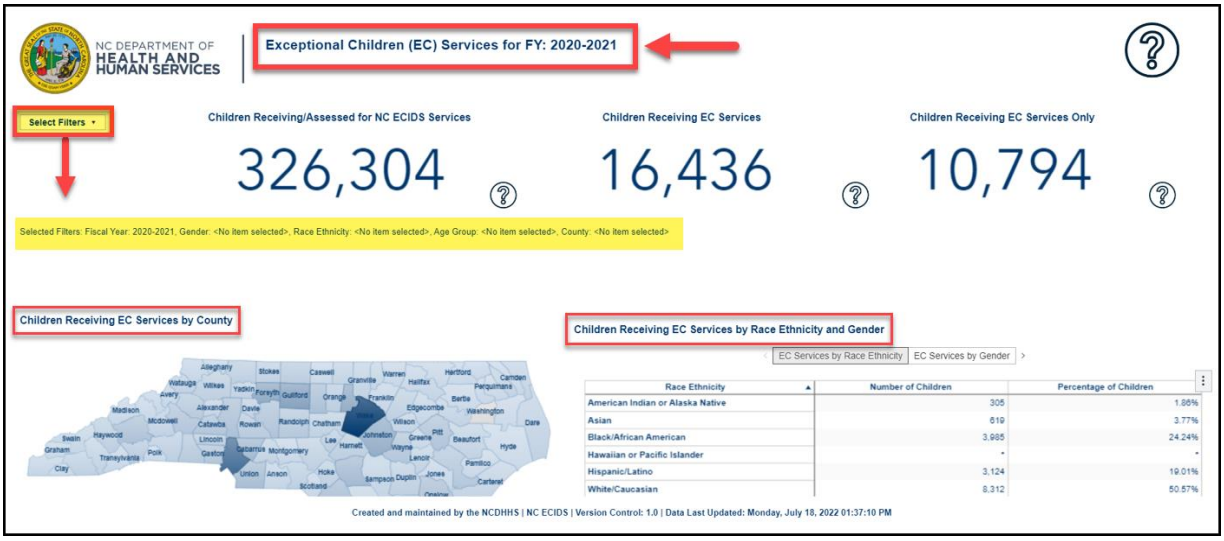
Children Receiving Exceptional Children Services - represents the total number of children enrolled at least one time in the Exceptional Children service during the specified State Fiscal Year.

Children Receiving Exceptional Children Services Only - reflects the number of children who were only enrolled in the Exceptional Children service program, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

Figure 19: Exceptional Children (EC) Services for FY: 2020-2021



3.1.3 Food and Nutrition Services (FNS)

The Food and Nutrition Services page provides count of number of children receiving Food and Nutrition Services.

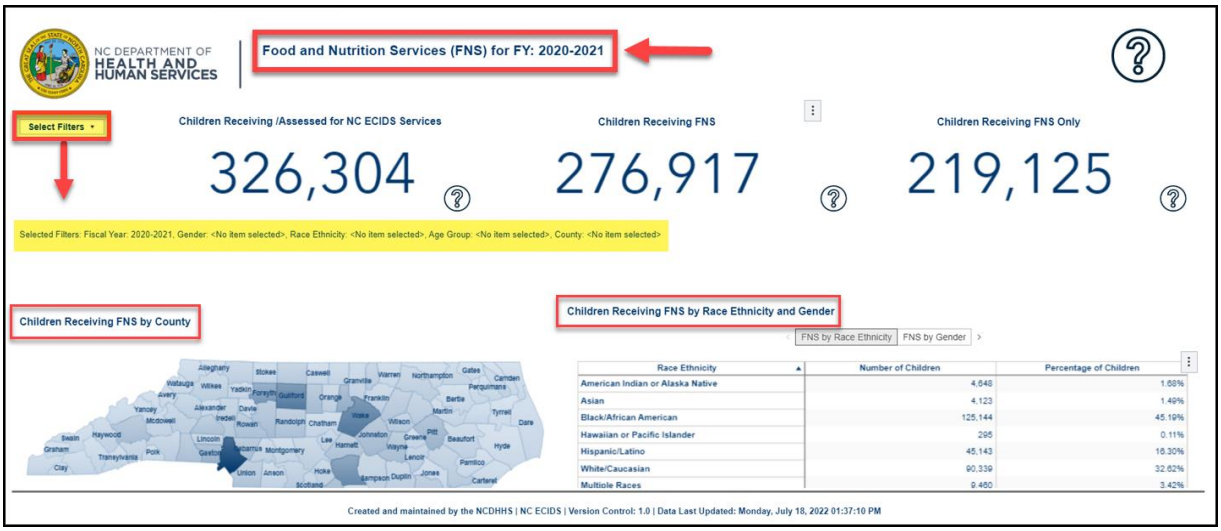
Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

Children Receiving FNS Services - represents the total number of children enrolled at least one time in the Food and Nutrition service during the specified State Fiscal Year.

Children Receiving FNS Services Only - reflects the number of children who were only enrolled in the Food and Nutrition service program, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

Figure 20: Food and Nutrition Services (FNS) for FY: 2020-2021



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

3.1.4 Infant Toddler Program (ITP)

The Infant Toddler Program page provides count of number of children receiving Infant Toddler Program Services.

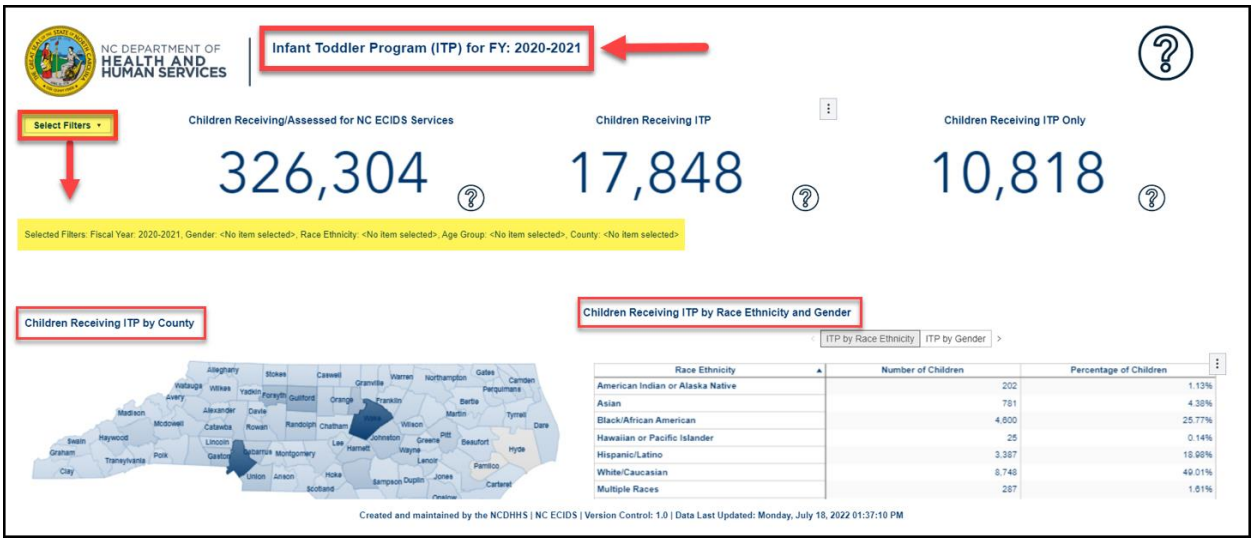
Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

Children Receiving Infant Toddler Program - represents the total number of children enrolled at least one time in the Infant Toddler Program during the specified State Fiscal Year.

Children Receiving Infant Toddler Program Only - reflects the number of children who were only enrolled in the Infant Toddler program, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

Figure 21: Infant Toddler Program (ITP) for FY: 2020-2021



3.1.5 NC Pre-Kindergarten (NC Pre-K)

The NC Pre-K page provides count of number of children receiving NC Pre-K Services.

Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

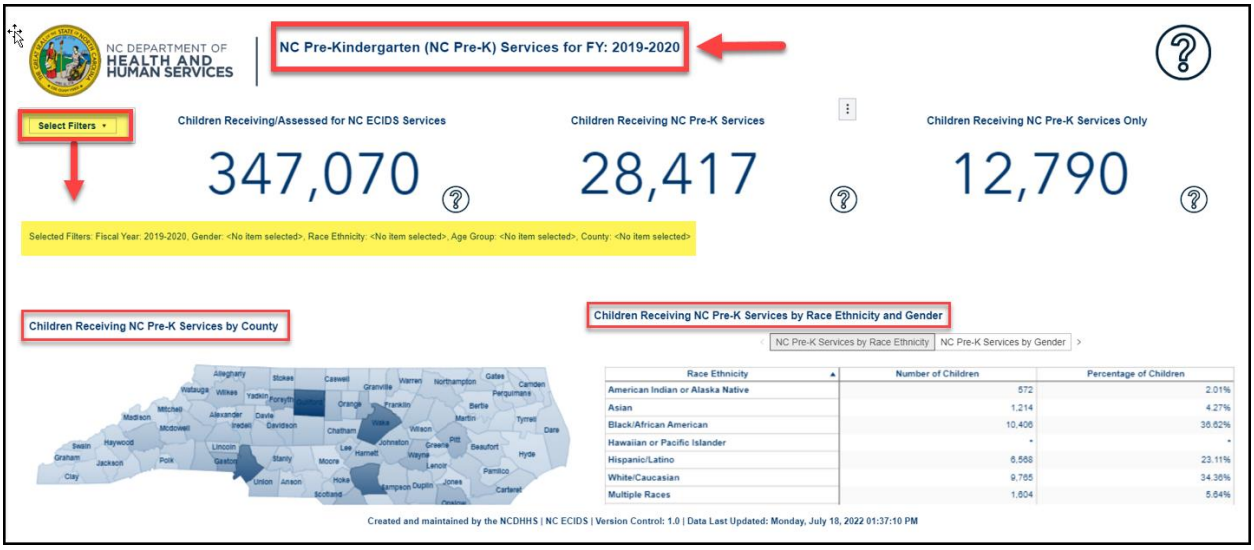
Children Receiving NC Pre-K Services - represents the total number of children enrolled at least one time in the NC Pre-K service during the specified State Fiscal Year.

Children Receiving NC Pre-K Services Only - reflects the number of children who were only enrolled in the NC Pre-K service, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

Figure 22: NC Pre-Kindergarten (NC Pre-K) Services for FY: 2019-2020



3.1.6 Subsidized Child Care (SCC)

The Subsidized Child Care page provides count of number of children receiving Subsidized Child Care Services.

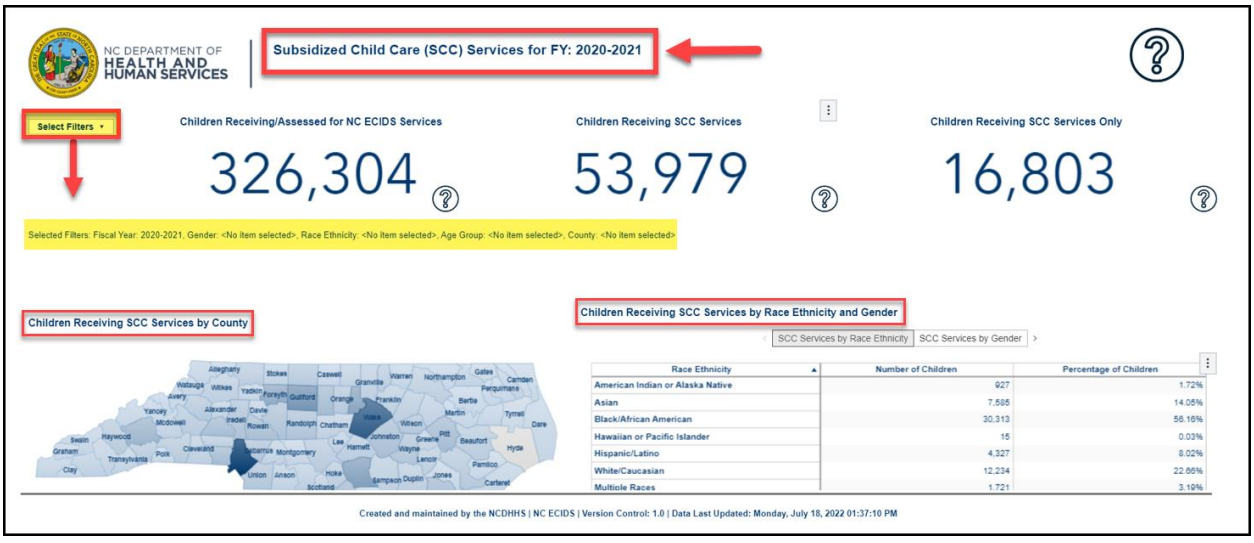
Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

Children Receiving Subsidized Child Care - represents the total number of children enrolled at least one time in the Subsidized Child Care service during the specified State Fiscal Year.

Children Receiving Subsidized Child Care Only - reflects the number of children who were only enrolled in the Subsidized Child Care service program, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

Figure 23: Subsidized Child Care (SCC) Services for FY: 2020-2021



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

3.1.7 Temporary Assistance for Needy Families (TANF)

The Temporary Assistance for Needy Families (TANF) page provides count of number of children receiving Temporary Assistance Services.

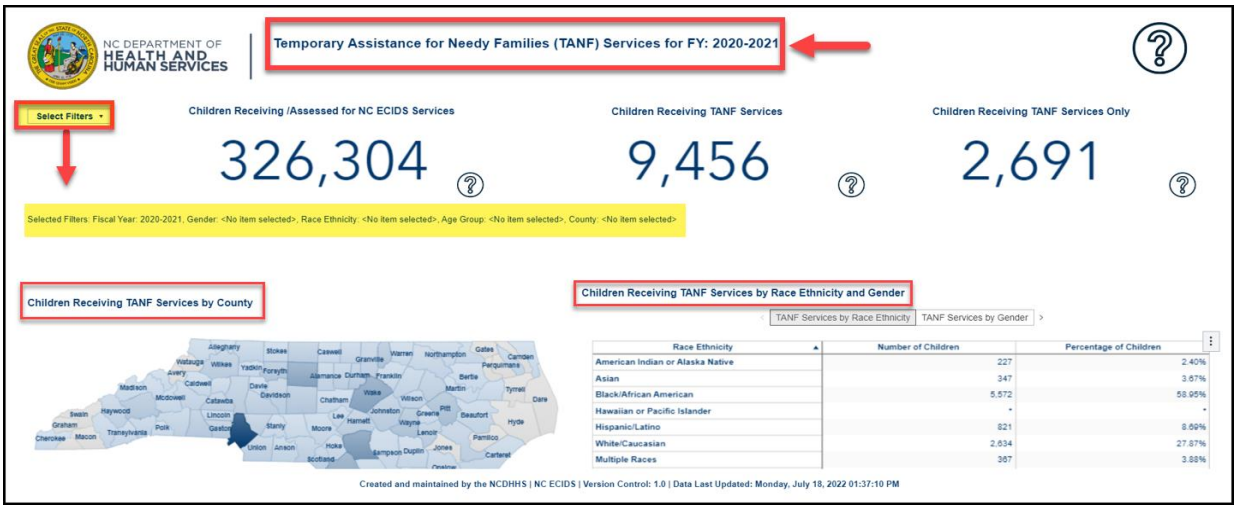
Children Receiving/Assessed for NC ECIDS Services - represents the total number of distinct, unduplicated children enrolled across all NC ECIDS programs and services during the State Fiscal Year.

Children Receiving TANF Services - represents the total number of children enrolled at least one time in the Temporary Assistance for Needy Families service during the specified State Fiscal Year.

Children Receiving TANF Services Only - reflects the number of children who were only enrolled in the Temporary Assistance for Needy Families service program, but not enrolled in any other NC ECIDS program or service.

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county.

Figure 24: Temporary Assistance for Needy Families (TANF) Services for FY: 2020-2021

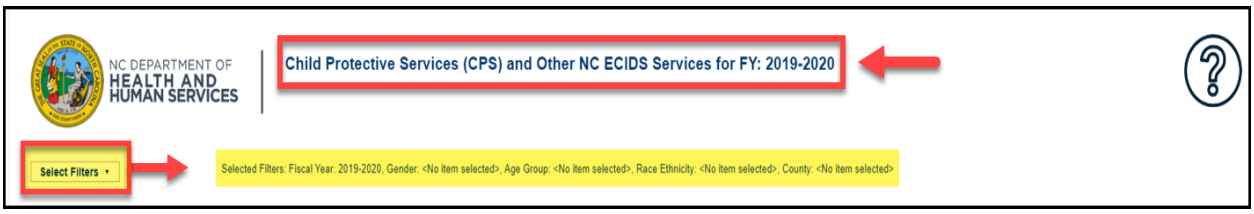


3.2 Children Receiving Two NC ECIDS Services

This report shows the number of children receiving combinations of two programs during the State Fiscal Year. For example, children receiving/assessed for services from the Child Protective Services program who also participated in the NC Pre-K program during the State Fiscal Year.

Report Link – Child Protective Services (CPS) and Other NC ECIDS Services for FY: 2019-2020

Figure 25: Child Protective Services (CPS) and Other NC ECIDS Services for FY: 2019-2020

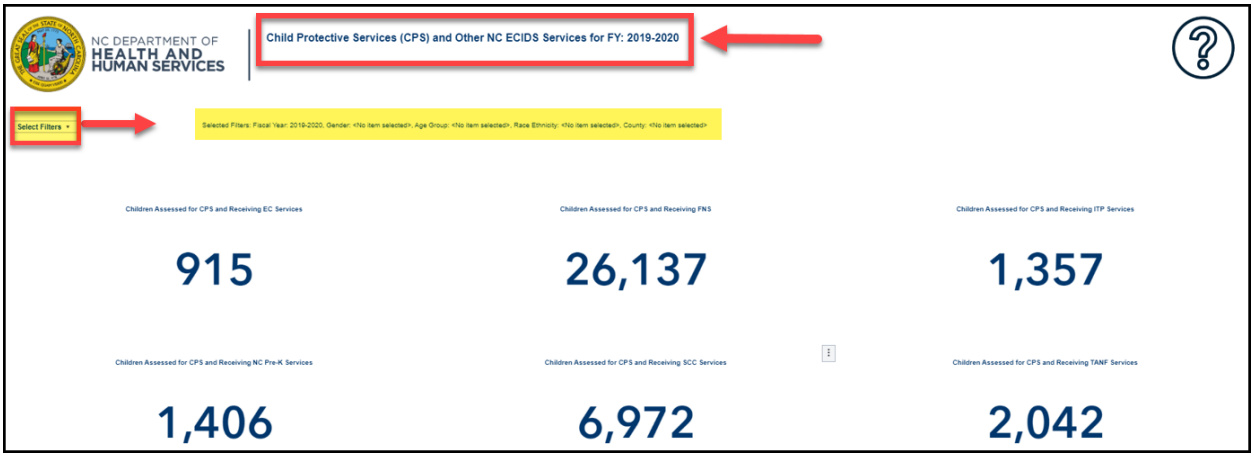


The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

3.2.1 Child Protective Services (CPS) and Other NC ECIDS Services

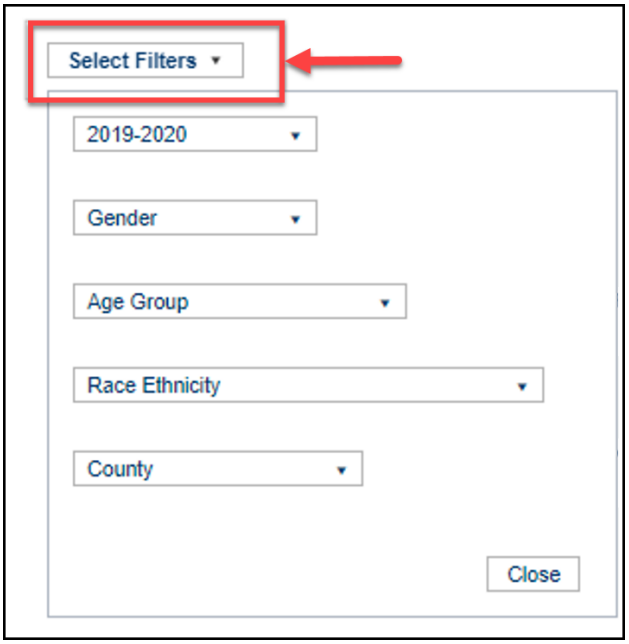
The Child Protective Services (CPS) and Other Services page provides count of number of children receiving Child Protective Services, along with other services like Exception Children service, Food and Nutrition service, Infant Toddler Program service, NC Pre-K service, Subsidized childcare, and Temporary Assistance for Needy families service.

Figure 26: Child Protective Services (CPS) and Other NC ECIDS Services for FY 2019-2020



The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County. The selected filter values are displayed in the report.

Figure 27: Select Filters

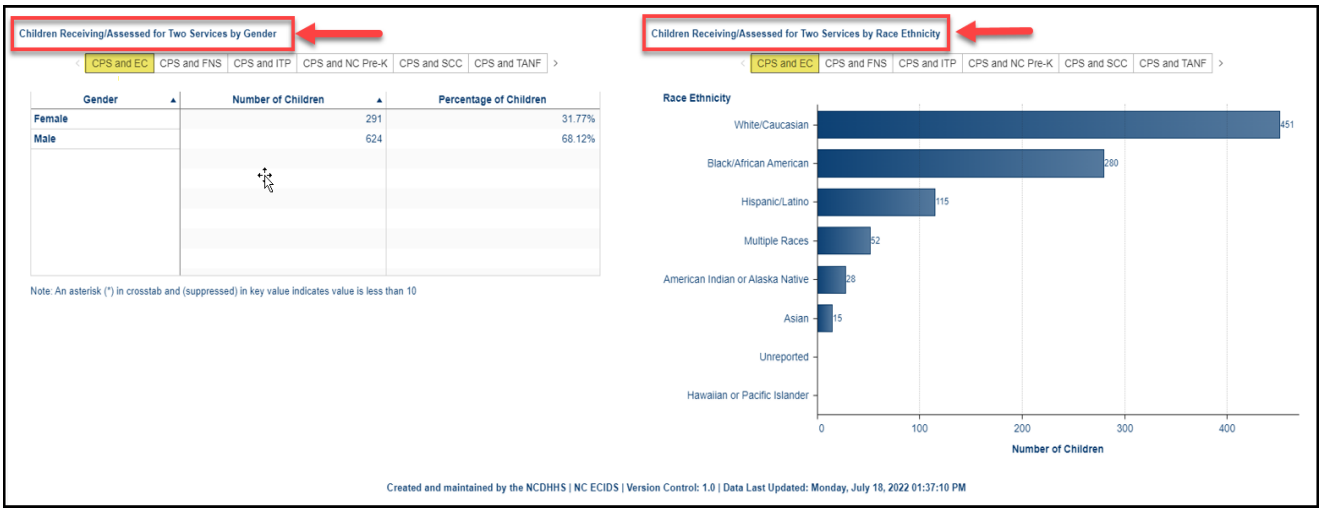


Selected Filters: Fiscal Year: 2019-2020, Gender: <No item selected>, Age Group: <No item selected>, Race Ethnicity: <No item selected>, County: <No item selected>

The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

The report is available in tabular form based on gender, and as a chart based on race ethnicity.

Figure 28: Children Receiving/Assessed for Two Services by Gender and Race Ethnicity



3.2.2 Exceptional Children (EC) and Other NC ECIDS Services

The Exceptional Children (EC) and Other Services page provides count of number of children receiving Exceptional Children Services, along with other services like Child Protective Services, Food and Nutrition Services, Infant Toddler Program, NC Pre-K, Subsidized Child Care, and Temporary Assistance for Needy Families.

Figure 29: Exceptional Children (EC) and Other Services for FY: 2019-2020

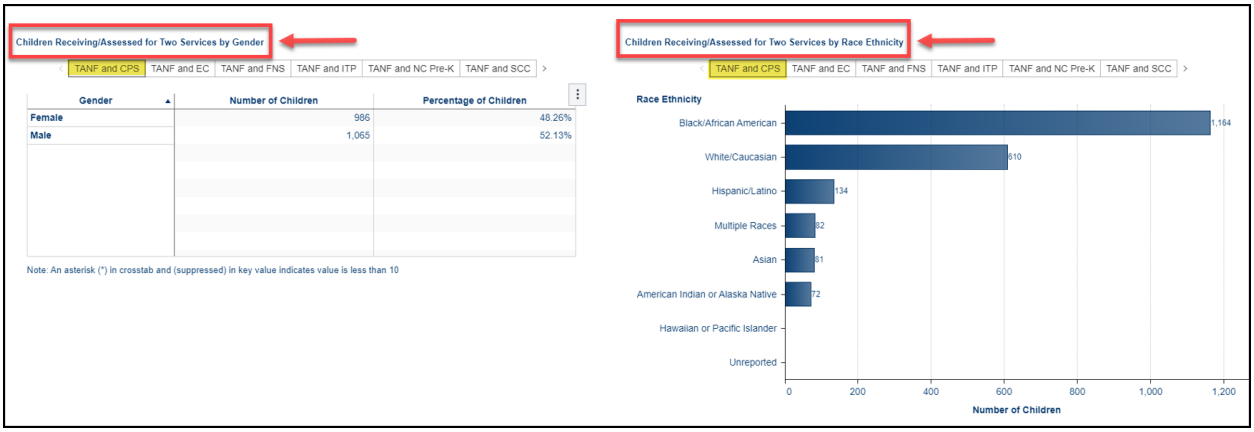
Figure 40: Children Receiving/Assessed for Two Services by Gender and Race Ethnicity



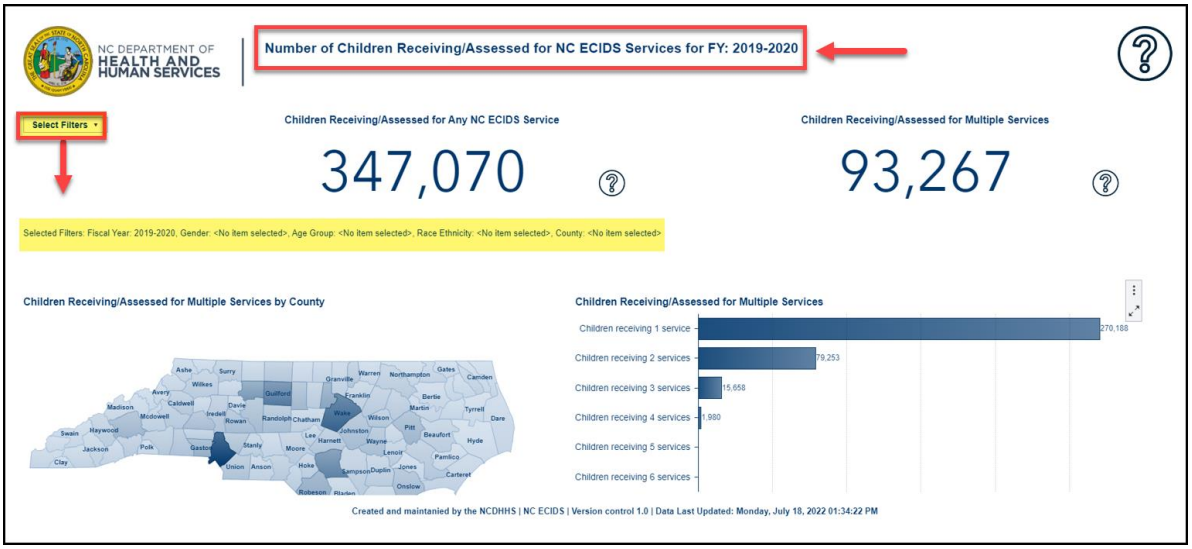
3.3 Number of Children Receiving/Assessed for Multiple NC ECIDS Services

This report shows the number of children that received 1, 2, 3, 4, 5 or 6 NC ECIDS programs or services during the specified State Fiscal Year. The number labeled "Children Receiving/Assessed for NC ECIDS Services" represents the total number of children enrolled at least once in an NC ECIDS program during the specified State Fiscal Year. While some children may have been enrolled in a program multiple times within the year (e.g., because of eligibility status or moving), each child is only counted once regardless of how many times they enter or exit during the specified State Fiscal Year. The number labeled "Children Receiving/Assessed for Multiple Services" indicates the total number of children receiving multiple NC ECIDS programs or services during the specified State Fiscal Year.

Report Link – Number of Children Receiving/Assessed for NC ECIDS Services for FY: 2019-2020

The report can be filtered using the following filters – Fiscal Year, Gender, Age group, Race Ethnicity, and County.

Figure 41: Number of Children Receiving/Assessed for NC ECIDS Services



The information contained in this document is considered confidential and covered under the terms of any SAS agreements as executed by NC DHHS and SAS Institute Inc.

The report is available as a table grouped based on gender, race ethnicity. The map provides the count for each county. The chart is grouped based on the number of services received.
