

A large, glossy red heart is the central focus, partially obscured by a silver stethoscope. The stethoscope's chest piece is resting on the heart, and its tubing loops across the foreground. The background is a clean, white surface.

**“As a nurse we have the opportunity to heal  
the mind, soul, heart, and body of our  
patients, their families and ourselves. They  
may forget your name, but they will never  
forget how you made them feel.”**

**-Maya Angelou**

**May 6th–12th is  
National Nurses Week and DHHS is  
extremely proud of the difference  
our Nurses make in the lives of  
those we serve. Thank you for your  
dedication and  
commitment!**
