

# RECOVERY COMMUNITY CENTERS: HOW THEY HELP

Stories of Those in Recovery

Thursday, Sept. 28, 2023 • 12:00 p.m. – 1:30 p.m.

Recovery Community Centers (RCCs) offer support and a variety of resources including housing, education, life skills and employment for individuals in recovery from substance use disorders. North Carolinians with substance use disorders often cannot access or afford the support or services that they need after treatment. RCCs provide resources for those in recovery to thrive, experience a higher quality of life and sustain their recovery.

In honor of RCCs, North Carolina's Division of Mental Health, Development Disabilities, and Substance Use Services will host a webinar to bring awareness of RCCs and provide resources for individuals in recovery to get the support they need.
