State-Funded Opioid Treatment Services

## **1.0 Description of the Service**

Medically Monitored Inpatient Withdrawal Management Service is an organized facility-based service that is delivered by medical and nursing professionals who provide 24-hour medically directed observation, evaluation, monitoring, and withdrawal management in a licensed facility. Services are delivered under a defined set of:

- a. physician-developed and approved policies;
- b. physician-monitored procedures; and
- c. clinical protocols by medical professionals, clinicians, and support staff.

This is an American Society of Addiction Medicine (ASAM) Criteria, Third Edition, Level 3.7 WM for an individual whose withdrawal signs and symptoms are sufficiently severe to require 24-hour observation, monitoring, and treatment in a medically monitored inpatient setting. An individual at this level of care does not need the full resources of an acute care general hospital or a medically managed intensive inpatient treatment program.

### **1.1 Definitions**

#### **Clinical Institute Withdrawal Assessment of Alcohol Scale (CIWA-Ar):**

Is defined as a tool used to assess an individual's alcohol withdrawal.

#### **The ASAM Criteria, Third Edition**

The American Society of Addiction Medicine (ASAM) Criteria is a comprehensive set of treatment standards for addictive, substance-related, and co-occurring conditions. The ASAM Criteria, Third Edition uses six dimensions to create a holistic, biopsychosocial assessment to be used for service planning and treatment. The six dimensions are:

1. Acute Intoxication and Withdrawal Potential;
2. Biomedical Conditions and Complications;
3. Emotional, Behavioral, or Cognitive Conditions and Complications;
4. Readiness to Change;
5. Relapse, Continued Use, or Continued Problem Potential; and
6. Recovery and Living Environment.

## **2.0 Eligibility Requirements**

### **2.1 Provisions**

#### **2.1.1 General**

*(The term “General” found throughout this policy applies to all State-Funded policies)*

- a. An eligible individual shall be enrolled with the LME/MCO on or prior to the date of service, meet the criteria for a state-funded Benefit Plan and; shall meet the criteria in **Section 3.0 of this policy**.
- b. Provider(s) shall verify each individual’s eligibility each time a service is rendered.

#### **2.1.2 Specific**

*(The term “Specific” found throughout this policy only applies to this policy)*

State funds shall cover Medically Monitored Inpatient Withdrawal Management Services for an eligible individual who is 18 years of age and older and meets the criteria in **Section 3.0** of this policy.

## **3.0 When the Service Is Covered**

### **3.1 General Criteria Covered**

State funds shall cover the service related to this policy when medically necessary, and:

- a. the service is individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the individual’s needs;
- b. the service can be safely furnished, and no equally effective and more conservative or less costly treatment is available statewide; and
- c. the service is furnished in a manner not primarily intended for the convenience of the individual, the individual’s caretaker, or the provider.

### **3.2 Specific Criteria Covered**

#### **3.2.1 Specific Criteria Covered by State funds**

State funds shall cover Medically Monitored Inpatient Withdrawal Management Services when an individual meets the following specific criteria:

- a. has a substance use disorder (SUD) diagnosis as defined by the DSM-5, or any subsequent editions of this reference material; and
- b. meets American Society of Addiction Medicine (ASAM) Level 3.7 WM Medically Monitored Inpatient Withdrawal Management admission criteria as defined in The ASAM Criteria, Third Edition, 2013.

#### **3.2.2 State Funds Additional Criteria Covered**

None Apply.

### **3.2.3 Admission Criteria**

- a. The physician or physician extender shall conduct an initial abbreviated assessment to establish medical necessity for this service and develop a service plan as a part of the admission process.
- b. The initial abbreviated assessment must contain the following documentation in the service record:
  1. the individual's presenting problem;
  2. the individual's needs and strengths;
  3. a provisional or admitting diagnosis;
  4. an ASAM level of care determination;
  5. a physical examination, including pregnancy testing, as indicated, performed by the physician or physician extender within 24 hours of admission, along with medically necessary laboratory and toxicology tests;
  6. a pertinent social, family, and medical history; and
  7. other evaluations or assessments.
- c. The physician or physician extender can bill an Evaluation and Management code separately for the admission assessment and physical exam.
- d. A licensed professional shall complete a Comprehensive Clinical Assessment (CCA) or Diagnostic Assessment (DA) within three (3) calendar days of admissions to determine an ASAM level of care for discharge planning. The abbreviated assessment is used as part of the current comprehensive clinical assessment. Any relevant diagnostic information obtained must become part of the treatment or service plan.
- e. The licensed clinician can bill separately for the completion of the CCA or DA.

### **3.2.4 Continued Stay and Discharge Criteria**

- a. The individual meets the criteria for continued stay if any ONE of the following applies:
  1. The individual's withdrawal symptoms have not been sufficiently resolved to allow either discharge to a lower level of care or safe management in a less intensive environment; or
  2. The individual's CIWA-Ar score (or other comparable standardized scoring system) has not increased or decreased.
- b. The individual meets the criteria for discharge if any ONE of the following applies:
  1. The individual's withdrawal signs and symptoms are sufficiently resolved to allow safe management in a less intensive environment, and the individual can participate in self-directed recovery or ongoing treatment without the need for further medical or nursing withdrawal management monitoring;

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

2. The individual has intensified symptoms or increased CIWA-Ar score (or other comparable standardized scoring system) indicating a need for transfer to a more intensive level of withdrawal management services;
3. The individual is unable to complete withdrawal management in Medically Monitored Inpatient Withdrawal Management Service indicating a need for more intensive services; or
4. The individual or person legally responsible for the individual requests a discharge from the service.

## **4.0 When the Service Is Not Covered**

### **4.1 General Criteria Not Covered**

State funds shall not cover the service related to this policy when:

- a. the individual does not meet the eligibility requirements listed in **Section 2.0**
- b. the individual does not meet the criteria listed in **Section 3.0**
- c. the service duplicates another provider's service, or
- d. the service is experimental, investigational, or part of a clinical trial.

### **4.2 Specific Criteria Not Covered**

#### **4.2.1 Specific Criteria Not Covered by State Funds**

None Apply.

#### **4.2.2 Stat Funds Additional Criteria Not Covered**

State funds shall not cover these activities:

- a. Transportation for the individual or family members;
- b. Any habilitation activities;
- c. Time spent attending or participating in recreational activities unless tied to specific planned social skill assistance;
- d. Clinical and administrative supervision of Medically Monitored Inpatient Withdrawal Management Services staff, which is covered as an indirect cost and part of the rate;
- e. Covered services that have not been rendered;
- f. Childcare services or services provided as a substitute for the parent or other individuals responsible for providing care and supervision;
- g. Services provided to teach academic subjects or as a substitute for education personnel;
- h. Interventions not identified on the individual's service plan;
- i. Services provided to children, spouse, parents, or siblings of the individual under treatment or others in the individual's life to address problems not directly related to the individual's needs and not listed on the service plan;
- j. Payment for room and board; and
- k. An individual under the age of 18.

## **5.0 Requirements for and Limitations on Coverage**

### **5.1 Prior Approval**

State funds shall not require prior approval for Medically Monitored Inpatient Withdrawal Management Service upon admission through the first three days of services.

### **5.2 Prior Approval Requirements**

#### **5.2.1 General**

None Apply.

#### **5.2.2 Specific**

None Apply.

### **5.3 Utilization Management and Additional Limitations**

#### **5.3.1 Utilization Management**

Utilization management of covered services is a part of the assurance of medically necessary service provision. Authorization, which is an aspect of utilization management, validates approval to provide a medically necessary covered service to an individual eligible for the service.

Services are based upon a finding of medical necessity, must be directly related to the individual's diagnostic and clinical needs, and are expected to achieve the specific rehabilitative goals detailed in the individual's service plan. Medical necessity is determined by North Carolina community practice standards, by 10A NCAC 25A .0201, and as verified by the LME/MCO or utilization management (UM) contractor who evaluates the request to determine if medical necessity supports intensive services.

Medically necessary services are authorized in the most cost-effective modes, if the treatment that is made available is similarly effective as services requested by the individual's physician, therapist, or another licensed practitioner. The medically necessary service must be recognized as an accepted method of medical practice or treatment.

#### **5.3.2 Initial Authorization**

To request an initial authorization the CCA or DA, service order for medical necessity, the service plan, and the required LME/MCO authorization request form must be submitted to the LME/MCO or UM contractor within the first three calendar days of service initiation.

Concurrent reviews will determine the ongoing medical necessity for this service or the medical necessity for a higher or lower level of care. To request a concurrent authorization the updated service plan and the required LME/MCO authorization request form must be submitted to the LME/MCO or UM contractor.

### **5.3.3 Additional Limitations**

An individual shall receive the Medically Monitored Inpatient Withdrawal Management Service from only one provider organization during any active authorization period.

Medically Monitored Inpatient Withdrawal Management Service must not be billed on the same day (except day of admission or discharge) as:

- a. Residential levels of care
- b. Other withdrawal management services
- c. Outpatient treatment services
- d. Substance Abuse Intensive Outpatient Program (SAIOP)
- e. Substance Abuse Comprehensive Outpatient Treatment (SACOT)
- f. Assertive Community Treatment (ACT)
- g. Community Support Team (CST)
- h. Supported Employment
- i. Psychiatric Rehabilitation
- j. Peer Support Services
- k. Mobile Crisis Management (MCM)
- l. Partial Hospitalization
- m. Facility Based Crisis (Adult)

### **5.4 Service Order**

A service order is a mechanism to demonstrate medical necessity for a service and is based upon an assessment of the individual's needs. The physician, physician assistant, or nurse practitioner shall complete and sign a service order according to their scope of practice. Service orders are valid for the episode of care. Medical necessity must be revisited, and service ordered is based on the current episode of care if multiple episodes of care are required in a twelve (12) month period.

#### **ALL the following apply to a service order:**

- a. Backdating of the service order is not allowed;
- b. Each service order must be signed and dated by the authorizing professional and must indicate the date on which the service was ordered; and
- c. A service order must be in place before or on the first day that the service is initially provided, to bill state funds for the service.

### **5.5 Documentation Requirements**

The service record documents the nature and course of an individual's progress in treatment. To bill state funds, providers shall ensure that their documentation is consistent with the requirements contained in this policy. This service requires a shift note to be completed for every shift of service provided. Events in an individual's life which require additional activities or interventions are documented over and above the minimum frequency requirement.

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

The staff member who provides the service is responsible for accurately documenting the services billed to and reimbursed by the LME/MCO. Service notes must meet the requirements of the Department of Health and Human Services (DHHS) Records Management and Documentation Manual. Medication administration records (MAR) or electronic MARs must meet the requirements of 10A NCAC 27G .0209 (c)(4).

## **6.0 Provider(s) Eligible to Bill for the Service**

To be eligible to bill for the service related to this policy, the provider(s) shall:

- a. meet State-Funded Benefit Plan qualifications for participation;
- b. have a current and signed Department of Health and Human Services (DHHS) Provider Administrative Participation Agreement; and
- c. bill only for services that are within the scope of their clinical practice, as defined by the appropriate licensing entity.

## **6.1 Provider Qualifications and Occupational Licensing Entity Regulations**

Medically Monitored Inpatient Withdrawal Management Service must be delivered by a provider employed by a substance abuse treatment organization that:

- a. meets the provider qualification policies, procedures, and standards established by the Division of MH/DD/SUS;
- b. meets the requirements of 10A NCAC 27G;
- c. demonstrates that they meet these standards by being credentialed and contracted by the DHHS designated contractor;
- d. within one year of enrollment as a provider receiving state funds, achieves national accreditation with at least one of the designated accrediting agencies; and
- e. becomes established as a legally constituted entity capable of meeting all the requirements of the Provider Certification Enrollment Agreement, DMH/DD/SUS Bulletins and service implementation standards.

This service must be provided in a facility licensed by the [NC Division of Health Service Regulation Mental Health Licensure and Certification Section](#) under 10A NCAC 27G .3100 Non-Hospital Medical Detoxification for Individuals Who Are Substance Abusers licensure rule waiver. Refer to [Tribal & Urban Indian Health Centers | HRSA](#) when the service is provided by an Indian Health Service (IHS) or 638 contract or compact operated by a Federally Recognized Tribe as allowed in 25 USC Ch. 18: INDIAN HEALTH CARE §1621t Licensing and §1647a Nondiscrimination under Federal health care programs in qualifications for reimbursement services.

		<ul style="list-style-type: none"> <li>• Assist with crisis interventions; and</li> <li>• Assist with the development of relapse prevention and disease management strategies.</li> </ul>
<p><b>Support Staff</b></p>	<p><b>Support Staff</b> can be paraprofessionals, associate professionals (AP), or qualified professionals (QP).</p> <p>Support Staff shall have one year experience working with adults with SUD.</p>	<p><b>Support Staff</b> are responsible for tasks that ensure the individual is medically able to receive support at this level of care. They work closely with medical staff to ensure monitoring is completed and recorded, and with clinical staff to support in the provision of recovery-oriented interventions.</p> <p>In addition to the above, the Support Staff are responsible for the following:</p> <ul style="list-style-type: none"> <li>• Use psychoeducation strategies and recovery interventions to support an individual with SUD;</li> <li>• Communicate observations and recommendations effectively in written and verbal form;</li> <li>• Assist with crisis interventions;</li> <li>• Follow the service plan and clinical orders;</li> <li>• Communicate effectively with the individual, staff, and others;</li> <li>• Learn and apply recovery-oriented practices and person-centered approaches when working with an individual; and</li> <li>• Participate in team meetings and provide input into the individualized service planning process.</li> </ul>

Clinical staff (LCAS, LCAS-A, CSAC or CADC) shall be available seven (7) days a week for clinical interventions. Certified Peer Support Specialist services shall be available seven (7) days a week to support recovery-related activities.

A minimum of two (2) staff shall be on site at all times and the staffing ratio must be at least one (1) staff to nine (9) individuals receiving services. At least one of the two on-site staff shall be a RN or an LPN. Supervision of the LPN shall be conducted by a RN, physician, NP, or PA, and the supervisor shall be either on-site or continually available, and the ability to physically be on site in a timely manner to address medical needs of individuals in care.

**Note:** To comply with NC General Assembly Session Law 2019-240 Senate Bill 537, certification name for Certified Substance Abuse Counselor (CSAC) is amended to

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

Certified Alcohol and Drug Counselor (CADC). Policy amendment will be effective the date the related rule Change for 10A NCAC 27G is finalized.

**Note:** In accordance with 25 U.S.C. 1621t, licensed health professionals employed by a tribal health program are exempt, if licensed in any state, from the licensing requirements of the State (North Carolina) in which the tribal health program performs the services described in the contract or compact of the tribal health program under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.)

### **6.3 Program Requirements**

- a. Medically Monitored Inpatient Withdrawal Management Service must have written policies in place that establish procedures for monitoring each individual's general condition and vital signs during at least the first 72 hours of the withdrawal management process, and procedures for monitoring and recording each individual's pulse rate, blood pressure and temperature in accordance with 10A NCAC 27G .3103 OPERATIONS. The medical director (refer to Responsibilities found in Subsection 6.2) develops and supports written protocols. The protocols are in place to determine the nature of the medical or nursing interventions needed. Protocols must document what conditions nursing and physician care is warranted and when to transfer to a medically monitored facility or an acute care hospital is necessary.
- b. Staffing patterns must ensure that an individual admitted to Medically Monitored Inpatient Withdrawal Management Service completes a physical examination by the physician within 24 hours of admission. A physician, physician assistant, or nurse practitioner shall be available by phone for consultative purposes 24 hours a day, seven days a week.
- c. Evaluation and Management CPT codes, specifically with an addiction focused history and biopsychosocial screening assessments, physical examination, medical evaluation and consultation, the comprehensive clinical assessment, may be billed separate from the Medically Monitored Inpatient Withdrawal Management Service.
- d. This facility must be in operation 24 hours a day, seven days a week. The facility must have a physician or physician extender available to provide medical evaluations and consultation 24 hours a day, in accordance with treatment and transfer practice protocols and guidelines. This service must be available for admission seven days per week. Program medical staff must be available to provide 24 hour access for emergency medical consultation services.
- e. Required components of this service consist of the following:
  1. An initial assessment that consists of an addiction focused history by the medical director or physician extender upon admission;
  2. Physical examination, including a pregnancy test, as indicated by the physician or physician extender within 24 hours of admission;
  3. A nursing evaluation upon admission;
  4. A comprehensive clinical assessment within three calendar days of admission;
  5. Individualized service plan, including problem identification in ASAM, Third Edition dimensions two through six, development of treatment goals, measurable treatment objectives, and activities designed to meet those objectives;
  6. Access to all approved Federal Drug Administration (FDA) medications for Medication Assisted Treatment (MAT) for an individual that meets medical

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

necessity for that service. MAT may be provided on-site by the provider or through a memorandum of agreement (MOA) or memorandum of understanding (MOU) with an off-site provider that is no further than 60 minutes from the facility;

7. Medically Monitored Inpatient Withdrawal Management Service providers shall ensure that all programs have access to naloxone or other Federal Food and Drug Administration approved opioid antagonist for drug overdose on site, and that all staff have training and education on the use of naloxone in suspected opioid overdoses. Programs must develop policies that detail the use, storage and education provided to staff regarding naloxone;
8. A planned regimen of 24-hour, professionally directed evaluation, care, and treatment services for the individual and their family that includes licensed, certified, and registered clinicians as well as certified peer support specialists;
9. Daily assessment of progress during withdrawal management and any treatment changes;
10. Provide monitoring of the individual, to include the individual's general condition and vital signs (pulse rate, blood pressure and temperature) based on documented severity of signs and symptoms of withdrawal;
11. Oversee the monitoring of the individual's progress and medication administration by nursing staff on an hourly basis, if needed;
12. Provide 24-hour access to emergency medical consultation services;
13. Provide behavioral health crisis interventions, when clinically necessary;
14. Ability to conduct laboratory and toxicology tests, which can be point-of-care testing;
15. Provide education to the individual regarding prescribed medications, potential drug interactions and side effects;
16. Health education services;
17. Reproductive planning and health education and referral to external partners as necessary;
18. Provide clinical services, including individual and group counseling, to enhance the individual's understanding of addiction, the completion of the withdrawal management process, and referral to an appropriate level of care for continuing treatment;
19. Availability of specialized psychological and psychiatric consultation and supervision for biomedical, emotional, behavioral, and cognitive problems, as indicated;
20. Peer support services that focus on mutual aid, recovery, wellness, and self-advocacy;
21. Arrange involvement of family members or persons identified by the individual as being important to their care and recovery in the withdrawal management process, with informed consent;
22. Provide education to family members or persons identified by the individual as being important to their care and recovery regarding withdrawal management process;

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

23. Assist in accessing transportation services for an individual who lacks safe transportation;
24. Affiliation with other ASAM levels of care and behavioral health providers for linkage and referrals to care management services and supports for counseling, medical, psychiatric, and continuing care; and
25. Discharge and transfer planning must begin at admission.

#### 6.4 Staff Training Requirements

Time Frame	Training Required	Who
<b>Prior to service delivery</b>	<ul style="list-style-type: none"> <li>▪ Opioid Antagonist administration (Administering Naloxone or other Federal Food and Drug Administration approved opioid antagonist for drug overdose)</li> <li>▪ Crisis Response*</li> <li>▪ Harm Reduction</li> <li>▪ Medically Monitored Inpatient Withdrawal Management Service Definition Required Components</li> </ul>	All Staff
Within <b>90 calendar days</b> of hire to provide service	<ul style="list-style-type: none"> <li>▪ ASAM Criteria</li> </ul>	All Staff
	<ul style="list-style-type: none"> <li>▪ Medically Supervised Withdrawal Management Service including Assessing and Managing Intoxication and Withdrawal States</li> <li>▪ Pregnancy, Substance Use Disorder and Withdrawal Management</li> </ul>	Physician, PA, NP, Nursing Staff
	<ul style="list-style-type: none"> <li>▪ Signs and Symptoms of Alcohol and Other Drug Intoxication and Withdrawal, including delirium tremens</li> <li>▪ Pregnancy, Substance Use Disorder and Withdrawal Management</li> </ul>	LCAS, LCAS-A, CADC, CSAC, CPSS, Support Staff

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

The initial training requirements may be waived by the hiring agency if the staff can produce documentation certifying that training appropriate for the population being served was completed no more than 48 months before hire date.

Staff hired prior to the effective date of this policy shall complete the required training identified in the above Staff Training Requirements chart. Training must be completed within one (1) year of the original effective date of this policy. **Refer to Section 8.0 of this policy for the original effective date.**

\*Training must be approved and certified by a nationally recognized program that issues continuing education for licensed or clinical professionals. Approved programs include North Carolina Addictions Specialist Professional Practice Board (NCASPPB), National Association for Addiction Professionals (NAADAC), National Board for Certified Counselors (NBCC), Approved Continuing Education Provider (ACEP), National Association of Social Work (NASW), and Motivational Interviewing Network of Trainers (MINT).

Documentation of training activities must be maintained by the provider.

## **6.5 Expected Outcomes**

The expected clinical outcomes for this service are specific to recommendations resulting from clinical assessments, medical evaluation and meeting the identified goals in the individual's service plan. Expected outcomes are as follows:

- a. Reduction or elimination of withdrawal signs and symptomatology;
- b. Increased use of peer support services to support withdrawal management, facilitate recovery and link the individual to community-based peer support and mutual aid groups;
- c. Linkage to treatment services based on ASAM level of care determination post discharge;
- d. Increased links to community-based resources to address unmet social determinants of health; and
- e. Reduction or elimination of psychiatric symptoms, if applicable.

## **7.0 Additional Requirements**

### **7.1 Compliance**

Provider(s) shall comply with the following in effect at the time the service is rendered:

- a. All applicable agreements, federal, state, and local laws and regulations including the Health Insurance Portability and Accountability Act (HIPAA) and record retention requirements; and
- b. All DMHDDSUS's clinical policies, guidelines, policies, provider manuals, implementation updates, and bulletins published DHHS, DHHS division(s) or fiscal contractor(s). All providers shall be in compliance with 42 CFR Part 2- Confidentiality of Substance Use Disorder Patient Records. Federally recognized tribal and IHS providers may be exempt to one or more of these items in accordance with Federal law and regulations.

<b>NC Division of Mental Health, Developmental Disabilities &amp; Substance Use Services</b>	<b>State-Funded Medically Monitored Inpatient Withdrawal Management Services Amended Date: October 1, 2024</b>
--	--

## 8.0 Policy Implementation and History

**Original Effective Date:** 10/01/2024

**History:**

<b>Date</b>	<b>Section or Subsection Amended</b>	<b>Change</b>
10/01/2024	All Sections and Attachment(s)	Medically Monitored Inpatient Withdrawal Management Service is replacing the State-Funded Non-Hospital Medical Detoxification service definition in the State-Funded Enhanced Mental Health & Substance Use Services document as a stand-alone service. The Non-Hospital Medical Detoxification service definition and all references have been removed from the document.

### **Attachment A: Claims-Related Information**

Provider(s) shall comply with the, *NCTracks Provider Claims and Billing Assistance Guide*, DMHDDSUS bulletins, fee schedules, DMHDDSUS’s clinical policies and any other relevant documents for specific coverage and reimbursement for state funds. Federally recognized tribal and Indian Health Service providers may be exempt from one or more of these items in accordance with Federal law and regulations:

**A. Claim Type**

Professional (CMS-1500/837P transaction)

**B. International Classification of Diseases and Related Health Problems, Tenth Revisions, Clinical Modification (ICD-10-CM) and Procedural Coding System (PCS)**

Provider(s) shall report the ICD-10-CM and Procedural Coding System (PCS) to the highest level of specificity that supports medical necessity. Provider(s) shall use the current ICD-10 edition and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for code description, as it is no longer documented in the policy.

**C. Code(s)**

Provider(s) shall report the most specific billing code that accurately and completely describes the procedure, product or service provided. Provider(s) shall use the Current Procedural Terminology (CPT), Health Care Procedure Coding System (HCPCS), and UB-04 Data Specifications Manual (for a complete listing of valid revenue codes) and any subsequent editions in effect at the time of service. Provider(s) shall refer to the applicable edition for the code description, as it is no longer documented in the policy.

If no such specific CPT or HCPCS code exists, then the provider(s) shall report the procedure, product or service using the appropriate unlisted procedure or service code.

<b>HCPCS Code(s)</b>	<b>Billing Unit</b>
H0010	1 Unit = 1 Day

**Unlisted Procedure or Service**

**CPT:** The provider(s) shall refer to and comply with the Instructions for Use of the CPT Codebook, Unlisted Procedure or Service, and Special Report as documented in the current CPT in effect at the time of service.

**HCPCS:** The provider(s) shall refer to and comply with the Instructions for Use of HCPCS National Level II codes, Unlisted Procedure or Service and Special Report as documented in the current HCPCS edition in effect at the time of service.

**D. Modifiers**

Provider(s) shall follow applicable modifier guidelines.

**E. Billing Units**

Provider(s) shall report the appropriate code(s) used which determines the billing unit(s). Federally recognized tribal or IHS providers may be entitled to alternate reimbursement methodologies under Federal Law.

**F. Place of Service**

This is a facility-based service.

**G. Co-payments**

Not Applicable

**H. Reimbursement**

Provider(s) shall bill their usual and customary charges in accordance with LME/MCO policy.

Evaluation and Management CPT codes, specifically with an addiction focused history and biopsychosocial screening assessments, the comprehensive clinical assessment, diagnostic assessment, physical exam, and medical evaluation and consultation can be billed separate from the Medically Monitored Inpatient Withdrawal Management Service.

Note: The NC DMHDDSUS will not reimburse for conversion therapy.
