

NC Division of Mental Health, Developmental Disabilities  
and Substance Use Services and Division of Health Benefits

## **SUPPORTED EMPLOYMENT SERVICE DEFINITIONS (I/DD & TBI) UPDATE**

Ginger Yarbrough, IDD-TBI Section Chief, DMH/DD/SUS

LaCosta Parker, I/DD Program Manager, NC Medicaid

July 26, 2023

# Agenda

## Meeting Purpose:

- Share updated Supported Employment definitions
- Supported Employment Services help people get and keep jobs of their choosing making a fair wage

- 1** Supported Employment (SE) Overview
- 2** Supported Employment (SE) Highlights
- 3** NC Innovations Waiver, TBI Waiver, & 1915(i) Criteria State Funded Supported Employment Criteria
- 4** Q/A

# DHHS Commitment

**Mission Statement:** NCDHHS is committed to expanding supported employment services and to improving and increasing competitive integrated employment for individuals with intellectual and developmental disabilities in North Carolina.

**Ensure that people with I/DD have choices and more options**

**Guarantee that people can work in an integrated setting for fair pay if that is the person's CHOICE**

**Everyone has a right to work if they want to!**

**Support providers who want to update the tools they use to help people with employment**

**Celebrate and expand the great practices here in NC**

# Employment Terminology

## Informed Choice

having all the information necessary to make a decision about your life.

## Competitive Integrated Employment

working in a job you choose earning the same pay, benefits, and opportunities as everyone else.

## Supported Employment (SE)

a service to help people find competitive integrated employment or create their own jobs through self-employment.

## Telehealth

using your phone or video to get services instead of being in the same room.

## Alternative Location

a different place from where services are normally provided. An example of this could be a hotel or church. **SE can only be provided in an alternate location due to COVID-19 related issues**

# Supported Employment (SE)

## Purpose

Learn skills to land the job you want

Learn skills to do and keep that job

Work in a setting with people who may or may not have disabilities

Learn skills to build good relationships with co-workers

Work more independently

Be more active in your community

## Highlights

Employment services may be either temporary or long-term

Transportation is included

State-Funded SE now includes telehealth options and provision of services in alternate locations

## Division of Vocational Rehabilitation (DVR)

If you're interested in using SE services...

- You **must** meet with DVR first
- SE is not replacing services provided through DVR

If you have already gone through DVR and found work, you will **NOT** need to go back to DVR again to get SE Services

## Supported Employment (SE) Phases

DVR is the starting point to access 1915i Supported Employment Services

## Phase 1: Pre-Employment Phase

Pre-  
Employment

Activities completed before you start work:

- Trying out jobs and activities
- Learning new skills
- Learning how a new job might change other benefits you receive
- Searching and applying for jobs

This phase normally lasts about 6 months

Once hired, it's time for phase 2

Important note: This phase is often completed in DVR. If you are starting this process for the first time, DVR will support the Pre-Employment activities

## Phase 2: Employment Stabilization

### Employment Stabilization

Activities to help with learning and keeping your job:

- Hands-on Job Coaching
- Demonstrating work tasks
- Helping set up work
- Building relationships
- **Build a plan to do the job without staff on site**

This phase normally lasts a year

Once hired, it's time for phase 3

## Phase 3: Long-Term Supported Employment

### Long-Term Supported Employment

Activities to help maintain success in a job:

- Have a plan with your career goals and the supports you need to achieve those goals and keep your job

This phase continues as long as there is a documented need

# NC Innovations Waiver & 1915(i) SE Criteria

## Specific Criteria

<b>How many hours can a person get?</b>	Normally, no more than 40 hours/week	Can NOT get more than 40 hours	Can NOT get more than 40 hours

## Frequently Asked Questions

**When will the slides or handouts from this presentation be made available?**

DHHS will be providing a recorded webinar of the information shared during live webinars, accompanied with a FAQ, to the DHHS website. DHHS will notify LME/MCO providers once this is uploaded and request this information be shared with their respective provider networks

**Must an individual first go through VR for supported employment services? If so, how do you determine when employments supports would transfer from one source to the other?**

State-Funded Services Individuals are expected to exhaust Vocational Rehabilitation (VR) services prior to accessing State-funded supported employment services. Individuals accessing Medicaid supported employment services should attempt to exhaust VR services prior to accessing Medicaid funding services. However, if there is a waitlist in excess of 30 days, individuals may proceed with accessing Medicaid-funded supported employment services. Once VR services become available, if the member does not have a job, they would shift to VR support to continue seeking employment
