Supports for Justice-Involved Individuals Advisory Committee Charter

The Supports for Justice-Involved Individuals Advisory Committee will advise and inform DMH/DD/SUS on key aspects of the design, implementation, and evolution of North Carolina's programs and services for justice-involved individuals.

- The Advisory Committee is chaired by DMH/DD/SUS and will consist of a group of approximately twenty-one (21) invited representatives from provider groups, county officials and LME-MCOs.
- Members will serve a one-year term, with an optional second year.
- The Advisory Committee will provide feedback on strategic and policy issues related to justice-involved individuals and develop recommendations for DMH/DD/SUS' consideration. Additionally, the Advisory Committee will advise on FY23 – FY24 budget investments under development that will inform the longer-term strategy/redesign of North Carolina's justice system.
- Recommendations are advisory only. Decisions to act upon any recommendations are made at the sole discretion of DMH/DD/SUS.
- Recommendations should be reached by consensus whenever possible but can be forwarded to DMH/DD/SUS for a vote along with a summary of the issue.
- The Advisory Committee may create ad-hoc technical groups ("subcommittees"), as needed, to develop formal recommendations on specific, high priority topics.

Meeting Logistics and Expectations

Each Advisory Committee meeting will introduce key topics for discussion related to justice-involved individuals; initial meetings will set expectations regarding the nature and scope of issues to be addressed.

- The Advisory Committee will meet approximately once per month
- Agendas and materials will be circulated to the membership up to a week in advance of a meeting and publicly posted.
- Members are expected to:
 - Regularly attend meetings, whether in-person or virtually.
 - Actively participate in conversations on key policy and design issues and provide meaningful feedback. For virtual meetings, please turn on cameras (if able), use reactions in Teams to share opinions on topics discussed, and share questions in the chat.
 - Bring issues raised during meetings back to their organizations to promote dialogue and communication between the Advisory Committee and a broader group of stakeholders.

Increasing Engagement

We encourage those who are able to turn on cameras, use reactions in Teams to share opinions on topics discussed, and share questions in the chat.
