

IN-PERSON IN-SERVICE:

# Using Lingraphica AAC Devices: Fundamentals, Clinical Benefits & In-Depth Study

Join us for an opportunity to learn about Lingraphica devices! This course will include time for hands-on exploration of our devices.

This course will introduce Lingraphica AAC devices and cover evidence-based and clinical merits. It will present the benefits of high-tech AAC and information for identifying candidates. A live demo, case study, and hands-on practice will focus on maximizing life participation. Information on AAC device trials, funding, and Lingraphica resources will also be provided.
