**Effective Date:** November 22, 2005

**New/Revised:** Revised

**Table of Contents Change:** None

**Index Change:** None

**Comments:** This was a revision made directly to the above referenced policy (Section 3-10) in Chapter 3 under the subheading “**RESURVEY REQUIREMENTS**”. Please check your policy to insure that the following revision is in place:

**RESURVEY REQUIREMENTS:** Financial need, once determined, must be continuously monitored throughout the rehabilitation process. A completed DVR-0116 Financial Statement must be resurveyed at least annually if VR services based upon Financial Need are in effect or continue to be in effect. There are two methods for resurveying Financial Need if there is no significant change in income: (1) on the reverse side of Form DVR-0116, or (2) as part of the IPE Annual Review. Whether using the reverse side of the Financial Statement or IPE Annual Review, these two options may be used only for the first annual resurvey of the form and if there have been no significant changes in income. However, a new DVR-0116 must be documented every two years or whenever an individual’s financial resources change to the degree that financial need is affected. Once a new DVR-0116 is completed, the aforementioned options for conducting the initial annual resurvey via the reverse side of the form, or the IPE Annual Review are available under the conditions described above. During the annual resurvey, income must be verified if there are significant changes. When services are added, the cost of the rehabilitation program must be recalculated with the additional cost of services included and excess income applied to the entire cost of the program.

**TRANSMITTAL #05-2007**

1. **Reference:** INTERIM POLICY AND PROCEDURE DIRECTIVE #04-2007  
Physical Restoration - Section 2-19 and Physical Conditions - Section 3-5

**Effective Date:** May 2, 2007

**New/Revised:** Revised

**Table of Contents Change:** Yes

**Index Change:** None

**Comments:** This directive replaces **Policy Directive #05-2006** dated 08/09/2005 which should be discarded. The following is a summary of the revisions:

- Greater clarification is provided under - 2) *Acute Or Temporary Medical Conditions/Injuries Which Become Chronic* – to put emphasis on the time standard (generally 9 months though in exceptional situations 6 months if the medical data clearly documents a chronic condition); additionally, that medical data should document the medical condition remains unresolved with substantial impediments to employment after

these time periods regardless of whether optimal treatment interventions have or have not been provided.

- A new section is added to address **Physical Restoration as a “Substantial” Vocational Rehabilitation Service** to provide guidance on when this *Core* service is considered a substantial VR service.
- A revision is made under the sub-heading **Sponsorship of Medical Diagnostic Evaluations** to move the approval process to the Unit Manager for situations in which compelling indications exist of a chronic impairment though there is an absence of existing medical data. The Unit Manager may approve an exception and authorize a diagnostic specialty evaluation.

**TRANSMITTAL #11-2007**

**Section 2-18-1 Personal Assistance Services and Section 2-18-2 Termination from Personal Assistance Program** have been revised to ensure compliance with state/federal requirements and to ensure that the policy is being implemented consistently statewide. Chapter 2 of the online Volume I has been updated with these revised sections. The attached Form DVR-1019B "Personal Assistant Services Receipt Employee Share of FICA Tax" is a new form and is available in CATS. The following sections provide a summary of the revisions.

---

1. **Reference:** Section 2-18-1 Personal Assistance Services

**Effective Date:** December 17, 2007

**New/Revised:** Revised

**Table of Contents Change:** No

**Index Change:** No

**Comments:** The word *may* has been replaced with the word *shall* in regards to delay of processing payroll and termination from the personal assistance service (under the sub-

heading “Authorization and Invoices”, paragraph 2 and 5; Federal Unemployment Taxes (FUTA) paragraph 2). This change resulted from consultation with the Attorney General’s Office to insure that the policy is being implemented consistently statewide.

- The terms “*VR office*” and “*VR staff*” were deleted to be consistent with Section 1-12 VR/IL Concurrent Records of Service (under the sub-heading “Participant as Employer”, paragraph 3; “Authorization and Invoices”, paragraph 2, 4, 5,7, 8, 9, and 10; “Social Security and Medicare Taxes”, paragraph 5; and “State Unemployment Taxes (SUTA)”, paragraph 2).
- A personal assistance evaluation may be conducted by a physical therapist (under the sub-heading “Assessment of Individual’s Personal Assistance Needs”, paragraph 1).

Additionally, the following revisions have been made:

- The Division shall not pay for overtime if the employee works more than 40 hours per week (under the sub-heading “Participant as Employer”, paragraph 7).
- The VR/IL participant is required to write the Employment Security Commission (ESC) by January 15, to request that their obligation to pay SUTA tax be terminated if the gross wages for all employees is less than \$1,000 for an entire calendar year following the qualifying quarter (under the sub-heading “State Unemployment Taxes SUTA” paragraph 3).
- The VR/IL participant is required to refund the employees portion of FICA tax to the personal assistant if the assistant did not make \$1500.00 of net wages in the calendar year. The VR/IL participant who pays quarterly FICA tax is also required to refund the employer’s portion of FICA tax to DVRS (under the sub-heading “Reporting/Payment of FICA Taxes”, paragraph 2).

These changes were necessary to bring the IL program into compliance with State and Federal requirements.

**Effective Date:** July 02, 2008

**New/Revised:** Revised

**Table of Contents Change:** None

**Index Change:** None

**Comments:** Minor changes in wording have been made so that the policy accurately and clearly reflects requirements in the Federal Regulations. In the second paragraph, the fourth sentence was revised to clarify the data and information needed for eligibility determination:

*In addition to medical data, counselor observations, school records, information provided by the applicant or the applicant's family, information used by the Social Security Administration, and determinations made by officials of agencies may be used to identify impediments to employment.*

**Comments:** Cross references are added to direct the reader to related policies. The revised policy expands the list of mental health specialists from which the Division may accept diagnoses. **New/Revised:** Revised

**Table of Content Change:** No

**Index Change:** No

**Comments:** The revisions to this section are necessary to correct deficiencies cited in the Division's 2006 State Audit. Two case errors were cited on adherence to the Division's financial criteria. Subsequent follow-up by the State Auditor's Office and the Division determined that the deficiencies were due not to the Counselors' application of the policy, but to our policy not being clear as to when determination of financial need is required. The state policy committee and QDS team have thoroughly reviewed the policy and made revisions throughout to enhance clarity and understanding. The revised policy lists the services which are not subject to financial need and those which are subject to financial need. Additionally, the financial need categories are updated to accurately reflect the corresponding selection of categories on the CATS financial screen.

**Effective Date:** August 12, 2008

**New/Revised:** Deletion of Section 4-2-2 from Chapter 4

**Table of Contents Change:** Yes

**Index Change:** Yes

**Comments:** Due to changes to the Federal Ticket to Work Legislation (effective July 1, 2008) **Section 4-2-2 TICKET TO WORK** is no longer valid and is removed. The ticket assignment process is no longer necessary (i.e., counselor calling Maximus to determine if the ticket is assignable, completion of Form SSA 1365, faxing form 1365 to the State CRP Program Specialist). The Division has chosen to be a cost reimbursement agency and will

still be able to recoup case service expenditures via this process on SSI/SSDI beneficiaries who go to work and sustain SGA level employment for nine months. The Information Processing Assistant in the Administrative Services section of the state office will still be responsible for tracking cost reimbursement cases and recouping expenditures through an automated system. A policy transmittal is forthcoming which will provide updated information for Counselors on the Ticket-To-Work Program.

**Date:** October 9, 2008

**Re:** Volume I Revisions

**TRANSMITTAL #07-2008**

The online Volume I has been updated with revisions to Chapter 3 and Chapter 4. The revisions are to **SECTION 3-1** to clarify the method for counting the 60-day eligibility period, to **SECTIONS 3-3-1 AND 3-3-2** regarding the purposes for and documentation of the Trial Work/Extended Eligibility plan, to **SECTION 3-3-1, SECTION 3-8-3, SECTION 3-8-5** regarding the presumption of benefit for individuals receiving SSI/SSDI, and to **SECTION 4-2** regarding conducting the comprehensive assessment for those presumed eligible and for those determined eligible through the preliminary assessment. Please refer to the below sections for summaries of the major revisions.

1. **Reference:** **Revision to Section 3-1 TIMELINES FOR ELIGIBILITY DETERMINATION**

**Effective Date:**

**New/Revised:** Revised

**Table of Contents Change:** None

**Index Change:** None

**Comments:** Information has been added to clarify when the 60 day eligibility count should begin depending on whether an application is mailed or taken in person.

---

2. **Reference:** **Revisions to Section 3-3-1 Trial Work Experience**

**Effective Date:**

**New/Revised:** Revised

**Table of Content Change:** No

**Index Change:** Yes. Section 3-3-1 is added to the “Agreement to Extend Eligibility Decision (DVR-0505),” “Presumption of Eligibility,” and “Presumption of Benefit” index entries.

**Comments:** In the first paragraph, additional and revised examples are given for how a trial work experience may be conducted. In addition, the revision clarifies case documentation requirements in situations where an individual’s *presumption of benefit* from the program is questioned, a Trial Work Plan is required and it is necessary to exceed the 60-day period of eligibility. This revision was necessitated by State Audit findings from 2007 which included errors on cases that exceeded 60 days without appropriate documentation of an extension form or Trial Work/Extended Evaluation Plan.

The revisions to this section also include the clarification that individuals presumed eligible because they receive SSI or SSDI are also presumed to benefit and cannot be placed in a trial work or extended eligibility plan. This revision resulted from clarifications provided by the 2008 RSA Monitoring Team.

---

3. **Reference:** **Revisions to Section 3-3-2 Extended Evaluation**

**Effective Date:**

**New/Revised:** Revised

**Table of Content Change:** No

**Index Change:** Yes. Section 3-3-2 is added to the “Agreement to Extend Eligibility Decision (DVR-0505)” index entry.

**Comments:** The revisions to this section clarify case documentation requirements in situations where *presumption of benefit* from the program is questioned, an Extended Evaluation Plan is required and it is necessary to exceed the 60-day period of eligibility.

This revision was necessitated by State Audit Findings from 2007 which included errors on cases that exceeded 60 days without appropriate documentation of an extension form or Trial Work/Extended Evaluation Plan.

---

4. **Reference:** **Revisions to Section 3-8 ELIGIBILITY FOR VOCATIONAL REHABILITATION**

**Effective Date:**

**New/Revised:** Revised

**Table of Content Change:** No

**Index Change:** Yes. Section 3-8-3 and section 3-8-5 are added to the “Social Security Disability Insurance” and “Supplemental Security Income” index entries.

**Comments:** Section **3-8-3 Presumption of Benefit** is being revised to indicate that individuals receiving SSI or SSDI are presumed to benefit from VR services regardless of the severity of their disabilities. **Section 3-8-5 Presumption of Eligibility** is being revised to indicate that presumption of eligibility implies presumption of benefit. Wording was removed which indicated that individuals receiving SSI or SSDI and presumed eligible could be placed under a Trial Work Plan to determine whether the individual might benefit from services. In addition, new wording clarifies that individuals presumed eligible have to undergo a comprehensive assessment to determine both a vocational goal and the services needed to reach this goal and that individuals for whom this plan development cannot be successfully accomplished should be closed case status code 30.

This revision resulted from the 2008 RSA Monitoring Visit, during which clarification was provided regarding presumption of benefit.

---

5. **Reference:** **Revisions to Section 4-2 VR COMPREHENSIVE ASSESSMENT**

**Effective Date:**

**New/Revised:** Revised

**Table of Contents Change:** No

**Index Change:** Yes. Section 4-2 should be added to the index entry for “Community Based Assessment.” The subheading, “During the VR Comprehensive Assessment” should be added under the index entry “Vocational Evaluation,” and section 4-2

should be referenced for this subheading. The subheading, “VR Comprehensive Assessment” should be added under the index entry for Record of Service Outcomes, Outcome Prior to the Implementation of the IPE-VR Program-Case Status 30.” Section 4-2 should be referenced for this subheading.

**Comments:** Section **4-2 VR COMPREHENSIVE ASSESSMENT** is being revised to clarify the means for effectively accomplishing the comprehensive assessment for those who are presumed eligible as well as those determined eligible based on the eligibility criteria. In addition, language was added to **4-2-1 Record of Service Documentation** to clarify that in cases in which the counselor and client cannot identify a suitable vocational goal or services which might reasonably help the client to achieve the employment goal, the counselor may utilize case status code 30 to close the record of service. These revisions are being made in response to the 2008 RSA monitoring visit. In relation to the issue of presumption of eligibility, the monitoring team clarified the importance of conducting effective comprehensive assessments in order to develop IPE’s which can be implemented and are likely to assist consumers in achieving successful employment.

**Date:** November 3, 2009

**Re:** Volume I Revisions

**TRANSMITTAL #11-2009**

Volume I is updated with the following information.

1. **Reference:** Section 2-18 Personal Assistance Services

**Effective Date:** November 15, 2009

**New/Revised:** Revised

**Table of Contents Change:** None

**Index Change:** None

**Comments:** This revision includes several changes to the personal assistance policies. The section now incorporates Policy and Procedure Directive #08-2007 into the Section 2-18. Therefore, Directive #08-2007 should be removed. The VR program policy related to personal assistance now occurs first in the section under subsection 2-18-1 and incorporates the policies related to concurrent records of service with Independent Living. Section 2-18-1

also includes policies related to planning for the transition of personal assistance services after a client completes his/her IPE.

Section 2-18-2 now addresses personal assistance within the IL program. It begins by redefining the prioritization of personal assistance services within the IL program. Section 2-18-2 includes additional information about completing the personal assistance assessment which incorporates a requirement to first survey existing assessment data in order to determine an individual's need for the service. Section 2-18-2 has also been revised to include more information about what takes place during the biannual contact with the client receiving personal assistance. The remaining information in Section 2-18-2 relates to the role of the client as an employer and the various reporting responsibilities required for clients to be appropriately reimbursed for personal assistance services provided. This information has been reorganized to make the content easier to reference. Section 2-18 no longer limits family members from providing personal assistance when this is deemed the most appropriate option. The information under the heading, *Client as Employer*, includes information about how employment taxes should be handled when the client employs certain family members as the personal assistant. Additional information will be captured on *Form DVR-1022, Personal Assistant Understanding of Employer Obligations* to clarify the assistant's relationship to the client. The content under this heading also includes information about new reporting rules and requirements for those individuals who employ more than one attendant or who employ attendants for whom the IRS requires that their wages be garnished for back pay on income taxes or for child support. The latter half of 2-18-2 includes a reorganization of the documentation requirements for personal assistance. The documentation requirements have been summarized in a table.

With the reorganization of the previous Sections 2-18-1 and 2-18-3, the existing Section 2-18-2 has now become section 2-18-3. This section now addresses both the suspension and termination of personal assistance services and is intended to promote consistency in managing these situations. The policy has been revised to define those situations in which the client's personal assistance services shall be suspended. The policy also outlines the notion of placing the client in a corrective action plan by which the reporting errors can be corrected and/or the management skills can be re-trained. Section 2-18-3 also provides more specific instances in which a client's personal assistance services will be terminated.

**TRANSMITTAL: #07-2015**

---

This directive establishes policy around Division sponsorship for students enrolled in post-secondary education programs for students with intellectual or developmental disabilities. This policy directive replaces the Division's involvement in the Western Carolina University Participant (UP) program, which was a demonstration project that the Division entered into in 2010. This policy should be applied to new students admitted to Western Carolina's UP program as well as any other non-matriculating programs targeting students with I/DD.

VR Counselors who have clients already enrolled in the WCU UP program, prior to today's date, and who have not yet completed the program, will receive instructions on how to "grandfather" these students in under the terms agreed upon under the prior demonstration project with WCU UP program.

**§ 1. Introduction**

This Interim Policy is issued under Section 4.2 of Executive Order 224, issued on July 29, 2021. This policy implements only Section 4.2 of the order, which is effective August 2, 2021. A later policy, to be issued by the Office of State Human Resources (“OSHR”) by August 13, 2021, will implement both Sections 4.1 and 4.2 of the executive order. That later policy will replace this Interim Policy effective September 1, 2021.

---

**§ 2. Scope of This Policy**

**Agencies Covered by This Policy**

Section 4 of Executive Order 224 applies by default only to agencies that are either part of the Governor’s Office or are headed by a member of the Governor’s Cabinet. Other state and local government agencies are strongly encouraged by the Governor to voluntarily adopt the policy. Agencies may adopt this policy by sending a letter or email to Glenda Farrell ([glenda.farrell@nc.gov](mailto:glenda.farrell@nc.gov)) or Ronnie Condrey ([ronnie.condrey@nc.gov](mailto:ronnie.condrey@nc.gov)) at OSHR.

**Areas Covered by This Policy**

This Interim Policy applies to any indoor space, within a state government office, building, or facility, that is controlled by a Participating Agency. It does not apply to teleworking Workers’ homes.

---

**§ 3. Policy**

**Options for Participating Agencies Concerning Face Coverings**

Participating Agencies have the flexibility to adopt either:

1. A policy requiring all Workers to wear Face Coverings indoors if they are not Fully Vaccinated;<sup>1</sup> or
2. A policy requiring Face Coverings indoors for all Workers — vaccinated and unvaccinated.<sup>2</sup>

---

<sup>1</sup> Exec. Order 224 § 4.2(a)-(b).

<sup>2</sup> Exec. Order 224 § 4.2(c).

### **How Agencies Can Elect One of These Options**

By sending an email to all employees, posting a notice in the workplace, or any other reasonably effective means, agencies may instruct whether they are adopting option 1 (under which Fully Vaccinated Workers are not required to wear Face Coverings) or option 2 (under which all Workers are required to wear Face Coverings).

---

## **§ 4. Requirement to Wear Face Coverings**

### **Covered Workers**

Effective August 2, 2021, all Covered Workers must wear Face Coverings in any indoor space, within a state government office, building, or facility, that is controlled by a Participating Agency.

### **Guests**

Each Participating Agency may set its own policy about whether Face Coverings are required for Guests.<sup>3</sup> This policy may be issued by posting a notice at entrances and exits, or by any other reasonably effective means.

### **Exceptions**

The Face Covering requirements in this policy do not apply if the Worker is alone in a room, if a Face Covering Exception applies, or if the Worker is in his or her home.

---

## **§ 5. Interim Process for How, Under Option 1, Workers Can Show They Are Fully Vaccinated**

### **Information Provided by Workers to Qualify for Exception**

If a Participating Agency elects option 1 (under which Fully Vaccinated Workers are not required to wear Face Coverings), a Worker can show that he or she is Fully Vaccinated and

---

<sup>3</sup> Exec. Order 224 § 4.2(c).

qualify not to wear a Face Covering only by providing information to Human Resources staff under the process listed below. Statements to supervisors or to any other employees do not qualify Workers for the Face Covering exemption; the only method to gain the Face Covering exception is to provide information to Human Resources under the process below.

If a Participating Agency elects option 1 (under which fully vaccinated workers are not required to wear face coverings), a Worker can show that he or she is Fully Vaccinated by providing to Human Resources staff any of the following. A Worker may give this information directly to Human Resources or choose to have a supervisor, manager, or friend provide this.

1. An original or copy of a COVID-19 Vaccination Record Card issued on the form provided by the U.S. Centers for Disease Control and Prevention (“CDC”).
2. A note or receipt signed by a licensed nurse, physician pharmacist, physician’s assistant, or other representative of the place where the vaccine was administered. This note or receipt must show at least:
  - a. Your name
  - b. The name of the healthcare provider administering the vaccine
  - c. Date(s) of vaccination
  - d. Place of vaccination
  - e. Vaccine product name (i.e., Moderna, Pfizer, or Johnson & Johnson)
3. A printout made by the Worker of the Worker’s record from North Carolina’s COVID-19 Vaccine Management System (“CVMS”). (Note that some people may not have their information available in CVMS.) For information about accessing CVMS and to register, Workers may visit [https://covid-vaccine-portal.ncdhhs.gov/s/?language=en\\_US](https://covid-vaccine-portal.ncdhhs.gov/s/?language=en_US).<sup>4</sup>

NOTE: Under the policy effective September 1, this interim verification process will be updated. This verification process only covers requests for Face Covering exemptions during the period from August 2 to August 31. Re-verification may be required for exemptions under the revised process that becomes effective September 1.

---

<sup>4</sup> Other vaccine management systems (for example, the systems used in other states or the systems used by pharmacies or other health care providers) may also contain vaccination information. This Interim Policy may be updated in the future to identify additional systems that can have printouts used to show that an employee is Fully Vaccinated.

### **What Staff Should Do with Vaccination Information Provided by a Worker**

If staff at a Participating Agency receive any of the vaccination information listed above from a Worker as part of verification under this Interim Policy, they must do the following.

1. Authorized Human Resources staff must review the material provided by the Worker in good faith to determine whether it appears to be valid.
  - a. Under this Interim Policy, no additional research is required by the Human Resources staff member to determine whether the information provided by the Worker is truthful and accurate.
  - b. However, the Human Resources staff member is authorized to require additional verification if the information provided by the Worker, upon review, shows signs of being inauthentic or fraudulent.
2. Each staff member who receives this information must keep any records resulting from this review only in an agency confidential health information file. This file (including any database containing this information) must be separate from any employees' general personnel files and must be available only to Human Resources staff within the agency.
3. So that managers and supervisors may implement the policy that Fully Vaccinated Workers are not required to wear Face Coverings:
  - a. Human Resources staff members may communicate whether Workers are exempt from the Face Covering policy because they have shown that they are Fully Vaccinated.
  - b. Human Resources staff members should tell managers and supervisors which of their employees (if any) are exempt from the Face Covering policy.
  - c. If asked, managers and supervisors may tell other workers that a particular worker is exempt from the Face Covering policy.

### **Duty to Provide Truthful Information**

Workers violate this Policy if they knowingly provide a false or inauthentic document in an attempt to show that they are Fully Vaccinated and gain an exemption from wearing Face Coverings under this Policy.

---

**§ 6. Discipline for Violations of this Policy**

Employees may be subject to disciplinary action for violations of this Interim Policy, up to and including dismissal. Each Participating Agency may determine the appropriate level of discipline for violations. This determination may be made by issuing guidelines or policy. Different Participating Agencies need not adopt the same kind of discipline for violations of this Interim Policy, but each Participating Agency must be consistent with respect to the kind of discipline issued by that particular Participating Agency.

---

**§ 7. Accommodation Requests**

Workers may seek reasonable accommodations from Face Covering requirements on the basis of disabilities that impair or prevent wearing Face Coverings or for any other lawful reason. These workers may request an exception by contacting their agency's Human Resources office. These requests shall be considered under the agency's standard reasonable accommodation process.

---

**§ 8. Definitions**

Covered Worker – If an agency chooses to adopt option 1 (under which Fully Vaccinated Workers are not required to wear Face Coverings), “Covered Worker” means any Worker who is not Fully Vaccinated. If an agency chooses to adopt option 2 (under which all Workers are required to wear Face Coverings), “Covered Worker” means all Workers.

Face Covering – A covering of the nose and mouth that is secured to the head with ties, straps, or loops over the ears and fits snugly against the side of a person's face. Based on recommendations from the CDC, face shields do not meet the requirements for Face Coverings.

Face Covering Exception means any of the following exceptions from a requirement to wear a Face Covering.

1. Children under five (5) years of age need not wear a Face Covering, and children under two (2) years of age should not wear a Face Covering.

2. Face Coverings need not be worn by a child whose parent, guardian, or responsible person has been unable to place the Face Covering safely on the child's face.

Further, a Face Covering does not need to be worn by a Worker or Guest who:

3. Should not wear a Face Covering due to any medical or behavioral condition or disability (including, but not limited to, any person who has trouble breathing, or is unconscious or incapacitated, or is otherwise unable to put on or remove the Face Covering without assistance);
4. Is actively eating or drinking;
5. Is seeking to communicate with someone who is hearing-impaired in a way that requires the mouth to be visible;
6. Is giving a speech for a broadcast or to an audience;
7. Is working at home or is in a personal vehicle;
8. Is temporarily removing his or her Face Covering to secure government or medical services or for identification purposes;
9. Would be at risk from wearing a Face Covering at work, as determined by local, state, or federal regulations or workplace safety guidelines; or
10. Has found that his or her Face Covering is impeding visibility to operate equipment or a vehicle.

In addition, people need not wear a Face Covering while exercising if:

11. They have symptoms while strenuously exercising, such as trouble breathing, dizziness, or lightheadedness;
12. They are wearing equipment like a mouthguard or helmet and are having trouble breathing;
13. They are doing any activity in which the Face Covering could become entangled and a choking hazard or impair vision in high risk activities such as gymnastics, cheerleading, or tumbling; or
14. They are doing activities that may cause the Face Covering to become wet, like swimming or other activities in a pool, lake, water attraction, or similar body of water.<sup>5</sup>

---

<sup>5</sup> Exec. Order 224 § 1.2(b); Exec. Order 209 §§ 2.3 and 2.4.

Fully Vaccinated means that it has been two weeks after someone has received the second dose in a two-dose COVID-19 vaccine series (Pfizer or Moderna), or that it has been two weeks after someone has received a single-dose COVID-19 vaccine (Johnson & Johnson).

Guest – Any attendee, customer, guest, member, patron, spectator, or other person lawfully on the property of the agency, other than a Worker.

Participating agency – Any agency that either (1) is part of the Governor’s Office or is headed by a member of the Governor’s Cabinet or (2) elects to adopt this policy.

Worker – An employee (full or part-time, permanent, temporary, probationary, or time-limited) or contractor, regardless of whether the employee or contractor is generally working on-site or generally teleworking.

---

**§ 9. Effective Date and Duration**

This Interim Policy is effective at the beginning of the day on August 2, 2021. Pursuant to Section 4.2(b) of Executive Order 224, this Interim Policy will be replaced, effective September 1, 2021, by a policy that implements both Sections 4.1 and 4.2 of the order.

---

**§ 10. Miscellaneous Terms**

**No Private Right of Action**

This Interim Policy is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of North Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any emergency management worker (as defined in N.C. Gen. Stat. § 166A-19.60), or any other person.

A violation of this Interim Policy is not grievable.

### **Savings Clause**

If any provision of this Interim Policy or its application to any person or circumstances is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Interim Policy which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Interim Policy are declared to be severable.

## **§ 11. Authorities**

### **Source of Authority**

This policy is issued by direction of Section 4 of Executive Order 224 (July 29, 2021). Section 4 of the executive order takes the form of (1) prohibitions and restrictions issued under the Emergency Management Act, as well as (2) a direction to the Office of State Human Resources to issue a policy. Therefore, this policy is issued under the Emergency Management Act (Chapter 166A of the North Carolina General Statutes), the statute empowering the Director of the Office of State Human Resources to issue rules In accordance with the statutory authorities referenced in Executive Order 224, this policy is issued under N.C.G.S. § 143B-10(j)(3), and this policy is also issued under the Communicable Disease Emergency Policy issued by the State Human Resources Commission pursuant to N.C.G.S. § 126-4.
