

## WELCOME TO WICHEALTH ACADEMY

wichealth Academy is a training platform designed to increase your knowledge of wichealth. In wichealth Academy, you will find nine foundational courses designed to not only give you a behind the scenes look at wichealth but to also show you how to successfully use wichealth in your state.

We encourage you to take all nine courses! However, the courses can also be taken individually to answer a quick question or refresh your memory.

## COURSE LIST

### **Welcome to wichealth Academy**
